KENDALL COUNTY ANIMAL CONTROL

Wednesday, September 26, 2018 at 8:30AM
MEETING MINUTES

Call to Order – The meeting was called to order by Committee Chair Elizabeth Flowers at 8:30 a.m.

Roll Call

Attendee	Status	Arrived	Left Meeting
Lynn Cullick	Here		
Elizabeth Flowers	Present		
Matt Kellogg	Yes		
Matthew Prochaska	Here		
John Purcell	ABSENT		

With four members present, a quorum was established to conduct committee business.

Others present: Scott Koeppel, Laura Pawson

Approval of Agenda – Motion made by Member Prochaska to approve the agenda, second by Member Cullick. **With four members in agreement, the motion carried by a vote of 4-0.**

Approval of Minutes – Motion made by Member Prochaska to approve the minutes from August 29, 2018, second by Member Cullick. **With four members in agreement, the minutes were approved by a 4-0 vote.**

Monthly Report – Laura Pawson reviewed the census report with the committee. Written report provided for August 2018.

Available Dogs for Adoption: 2

Available Cats for Adoption: 6 (5 Cats, 1 Kitten)

Bite Report – Total: 20 dogs, 1 cat

Visitors viewing animals – 80

Events/News

Saturday, October 13 th	Pet Supplies Pet Adoption Event	11am – 2pm
Tuesday, October 16 th	Volunteer Orientation	6pm-7:30pm
Weekly “Pet of the Week” ad in Shaw Media Newspaper		

Operations Report – Written report provided. Director Pawson reported on the new kennel technician, and stated they are now fully staffed.

Ms. Pawson also reported on the ShelterPro software, and said that after research and discussion with other Animal Control facilities, she has determined that ShelterPro would not be an appropriate choice for Kendall County. Ms. Pawson will continue to research other options.

Discussion on potential adoption special offers and fees.

Accounting Report - Written report provided. Ms. Pawson reported they continue to send compliance violation letters, and that she has met with the State's Attorney's Office to discuss other options.

Old Business - None

New Business - None

Executive Session – Not needed

Action Items for the County Board - None

Public Comment – None

Adjournment – Member Prochaska made a motion to adjourn the meeting, second to the motion by Member Kellogg. **With four members present in agreement, the meeting was adjourned at 8:49a.m.**

Respectfully Submitted,

Valarie McClain,
Administrative Assistant & Recording Clerk

Chameleon Software

Chameleon/CMS[®]

Chameleon/CMS[®] is at the heart of our line of products. Chameleon is the integrated animal control/animal sheltering software package that automates every aspect of your shelter operation. The powerful, easy to use, and feature rich interface includes functionality in kennel, licensing, field operations, dispatch, enforcements, clinic, donor, receipt and much, much more.

Unlimited Technical Support

We take great pride in the accessibility and promptness of our support services. The training and support staff are especially sensitive to the human needs of automation projects and their effect on shelter staff. The expertise of our technical support team covers all areas of our client's needs from network engineering, to database management, to animal shelter operations. Our clients are a testament to the delivery of quality services.

Chameleon WebLicensing[®] and WebDonor[®]

Provide convenience to your customer, increase revenue and enhance your pet registration process with online licensing. Chameleon WebLicensing[®] eliminates manual data entry by allowing your customer to purchase or renew their companion animal's license online. We will process the license, deposit the money in your bank and update Chameleon[®] with the new license information.

Public Access[®] and Petharbor[®]

Automatically updated from Chameleon/CMS[®] the www.PetHarbor.com website displays your animals on the web. Enter data into Chameleon/CMS[®] and it is updated on Petharbor without any additional effort from you. The website www.PetHarbor.com may be accessed directly or transparently integrated into your website. Loaded with user friendly features unique to PetHarbor you can search shelters by zip code or city, enter lost or found reports, and create custom wish lists.

Chameleon Data Processing (CDP)

The Industry Leader In Animal Licensing Technology

Chameleon Software is pleased to announce a new service! The Chameleon Data Processing Center uses state of the art tools and techniques to shoulder the burden of high-volume payment processing, ongoing mailers, and repetitive data entry tasks. Professional data entry personnel process incoming mail the day it arrives, and the data is re-integrated seamlessly and effortlessly back into Chameleon. What we do will save you time and money, and our time-tested procedures can actually generate more revenue for the shelter.

Below are some of the key services the Chameleon Data Processing Center can provide.

Send License Renewal Notices

CDP will send all renewal notices.

Receive and Process License Renewal Mail

CDP will open the mail, process the payments (checks and credit cards), and perform any data entry subscribed to by the client as well as digitally image the check and rabies vaccination certificate. CDP will also make available a website where your animal owners can renew online.

Receive and Process New License Mail

CDP will provide a standard application for the public to purchase a new license. There will also be a web link available for animal owners to purchase online.

Receive and Process Renewals and New Licenses from other Vendors

If your agency makes use of Veterinarians or other vendors to renew and sell new licenses, CDP can receive payments and records from these vendors to process.

Receive and Process Vaccination Records from Vets

If your agency receives vaccination records from your community Veterinarians, CDP can collect and input these records into your database. Existing license records will be updated with the supplied information. For animal owners that don't exist in your database a vaccination record will be created and a polite notice will be sent advising the citizen of license regulations.

Send Receipts/Tags for Successfully Processed Licenses

For each successfully processed license CDP can send a receipt and/or Tag for the transaction.

Send Correction Notices for Incomplete Licenses

Each incomplete license will receive a receipt for their transaction with instructions on what to do in order to complete their transaction successfully.

Send Transaction Statements

CDP will send you daily statements consisting of all transactions processed detailing revenue and transaction fees.

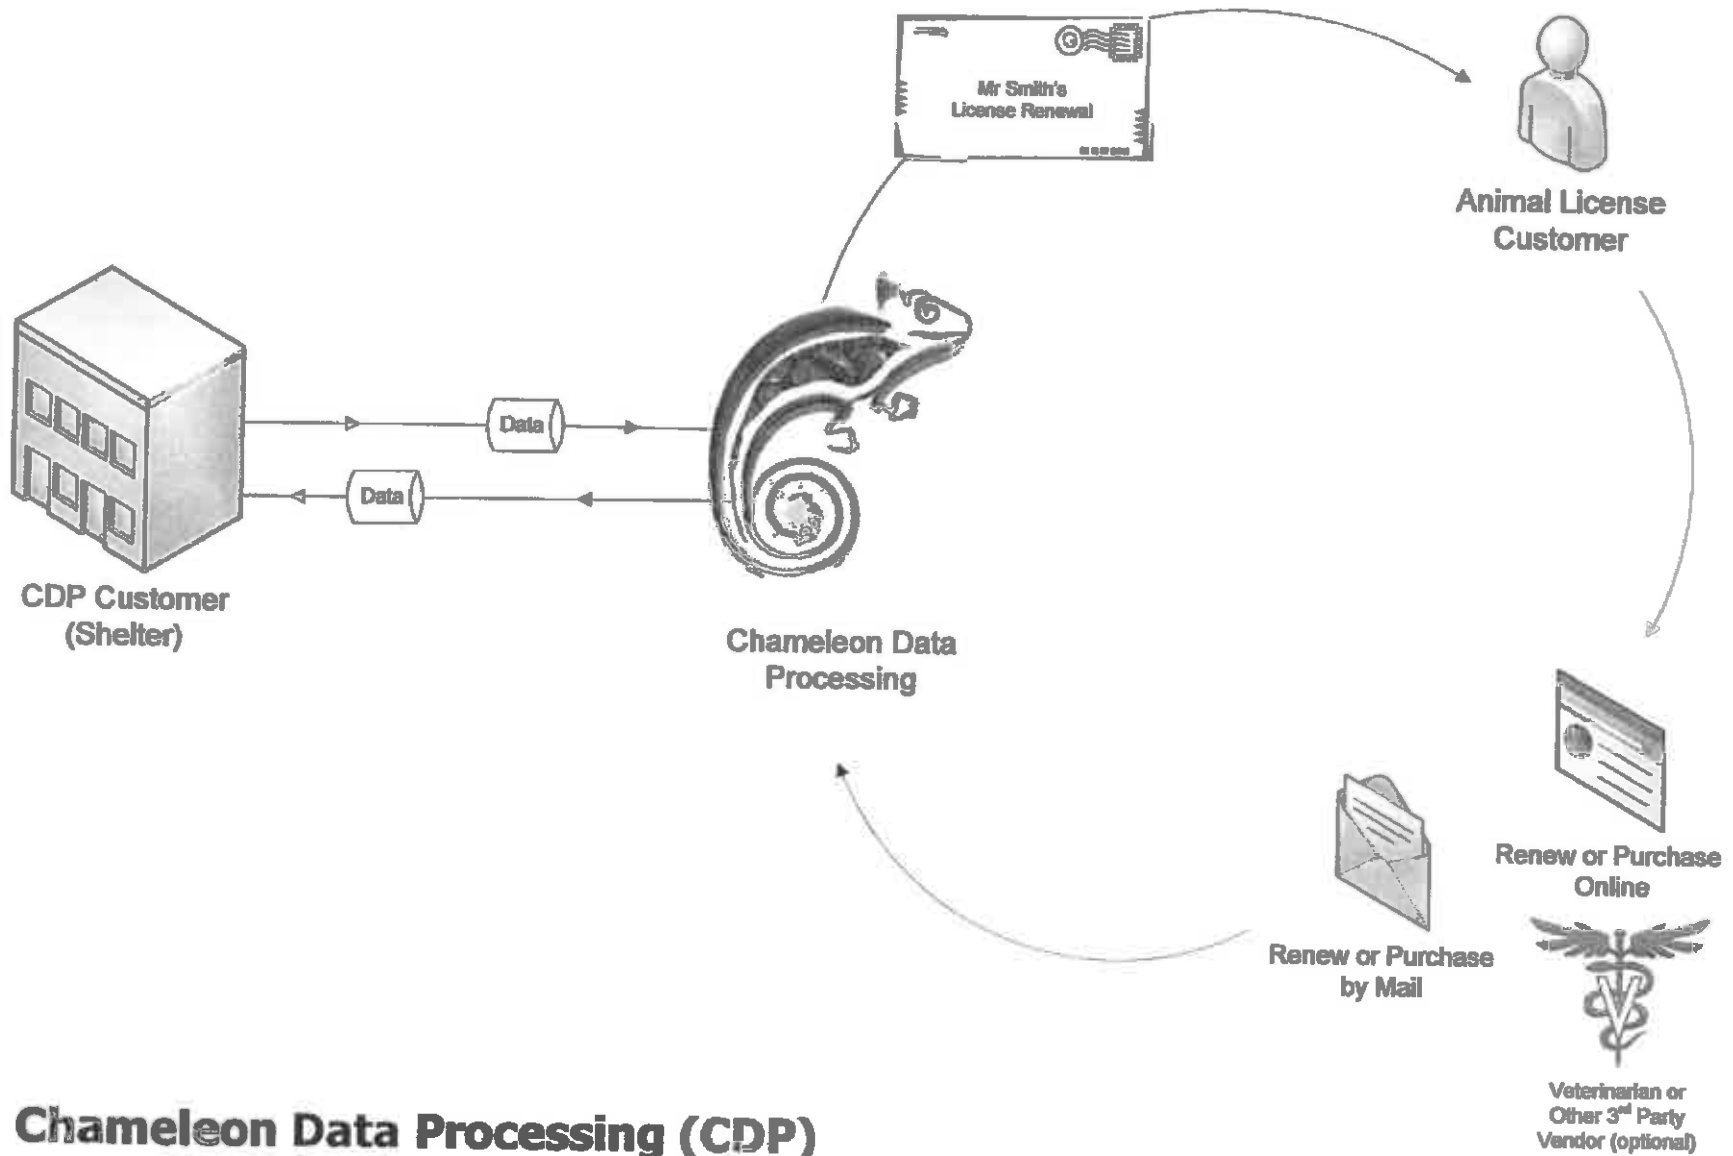

Send Problem Lists

Transactions missing vaccination information, proof of sterilization, inadequate payment or any other issues will be transferred into your database along with the appropriate problem code.

Transmit License Data Daily

Processed records will be transferred back to your database daily.

all stats
charts & graphs
notices & stats
national statistics

Additional

error checking
mapping
security features

Chameleon CMS is a front end application that utilizes the latest in CLIENT/SERVER network technology. It operates under MS WINDOWS to manage and track all the data any animal care facility (Animal Control, Humane Control, Humane Society etc), will handle. Charts, graphs, spreadsheets, notices and reports are shipped with the product and easily produced and customize using the report writing tools.

Chameleon CMS can be quickly implemented with training and support.

Chameleon CMS is installed on wide area networks as well as local office networks.

EXPERIENCE

HLP, INC. is a privately held corporation with offices in Arizona, California, Colorado, Illinois, New Mexico, and Florida. The company has been providing systems analysis and design, project management, custom software development and support, hardware installation, and training programs since 1984. HLP's experience includes law enforcement, animal control agencies, humane societies, SPCA's, health services, manufacturing, financial services, and Internet Web development. HLP has drawn together a staff with exceptional expertise and unconventional creativity in the computer field as well as in animal services management. The support provided to every client reflects a broad base of experience and a dedication to the needs of each.

LEADERSHIP

HLP, INC. prides itself in providing technology leadership. Using "Object Oriented Programming" architecture, written in a common core of C/C++ objects, the software produced provides optimum flexibility and performance. The experienced development staff has produced software utilizing DOS, WINDOWS, OS/2, UNIX and VMS. Current development work is employing C/C++, VISUAL BASIC, HTML, and JAVA/JAVA SCRIPT. Available network solutions include: NOVELL NETWARE and MS WINDOWS NT (TCP/IP, NETBIOS, NAMED PIPES, etc). SQL requests are received at the Relational Database Server which returns desired records to the Client Workstation. WEB enabled applications and BROWSER based solutions are standard. All tools and techniques are leading edge technologies to produce 'state of the art' software.

INTEGRITY

HLP, INC. is in the business of delivering successful project results with remarkable speed and efficiency. The training and support staff is especially sensitive to the human needs of automation projects. HLP prides itself on the accessibility and promptness of support services. The staff expertise covers all areas of our client's needs from network engineering, to database management, to animal shelter operations. Our clients are a testament to the delivery of quality services.

Chameleon Software

Support and Maintenance

Provided as part of License to all Chameleon Sites

SYSTEM ON-LINE HELP

This support feature is comprehensive, context-sensitive, and hyper-text based. It is as fast and accessible as a key stroke or the click of a mouse. This feature is modifiable for special local needs.

INTERNET WEB SITE

An Internet site is available 24 hours a day and 7 days a week. Registered Users can post messages, check out new features and reports, or upload & download data. User forums can be joined and new topics begun.

TECHNICAL SUPPORT LINE

Emails and calls are answered during business days and hours and referred to the appropriate staff person. Requests can be left on the message service if the lines are busy. Evenings, weekends and holidays are available by pre-arrangement. Using this method, no emergency calls are missed.

SYSTEM TO SYSTEM

This support is remote connect via modem or internet and designated communications software. Users may initiate contact between Technical support personnel and the Client's system to help in resolving the problem in real time.

NEW VERSIONS

Major changes in industry standards and operating systems will require complete new versions of software. Chameleon does keep up with the latest innovations in software design.

IMPROVEMENTS

HLP encourages suggestions from all our installed sites for improving Chameleon. If the new ideas will improve operations at a number of sites, then the suggestion is put on the list of improvements that are incorporated into Chameleon.

DIAGNOSIS

The wide range of experience at HLP from hardware, to networks, to databases gives our staff an unusual advantage in tracing down the source of a problem. Referrals can be made if problems are not in Chameleon/CMS.

CORRECTIONS

As Chameleon software problems are discovered and reported, they can usually be corrected in the code within a few hours to a few days. This is determined by the urgency of the request to operations.

USER'S GROUP MEETINGS

The Annual HLP Conference provides training and User interaction and is included in your annual support and maintenance. User's attending the HSUS, AHA, and NACA annual conferences are encouraged to meet at the Chameleon booth to meet other User's in informal gatherings. Some states have formed their own groups

sales@chameleonbeach.com www.chameleonbeach.com

Chameleon Software

CHAMELEON SOFTWARE PRODUCTS : SUPPORT & MAINTENANCE

"Figuring Cost"

The annual charges for Support & Maintenance of Chameleon/CMS Software is required to maintain a license for the product. It is figured using a formula. This formula is based on the number of workstations utilizing the software for daily operations. Workstations that log on occasionally for information or reports are not counted if they are located at the animal services facility. Workstations that are on the network at another location or another municipal department and only query the Chameleon database are charged at a lesser annual amount. The Server is counted as one daily user. There is no lock-out mechanism in Chameleon/CMS that limits the number of concurrent users. As daily user workstations are added, Sites are expected to increase their user count with HLP. Reassessment of the number of daily workstations and cost adjustments can be made at any time.

FORMULA:

$\$960/\text{year} \times \text{number of workstations} + 1 \text{ for the server}$

OR:

Single User Sites = minimum cost of \$1,920/year
25 & up = unlimited user license @ \$24,000/year

NOTE:

Public Access products are figured separately @ \$960/year/each
Mapping workstations are figured separately @ \$960/year/each
Wireless Field Service Units are figured separately @ \$240/year/each
ShelterPad PDAs are figured separately @ \$240/year/each

These fees can be billed annually at the beginning of the year, quarterly at the beginning of the quarter, or monthly at the beginning of the month.

Although Chameleon/CMS is platform independent, our staff has extensive experience in the use of certain recommended network and database products. This allows us to provide additional incidental analysis and support. However these are shrink wrapped products manufactured by other companies that sell their own support services, issue upgrades and control their own source code.

You will need in house support for network operations. If you choose a platform that is not highly recommended by HLP staff, you will need more in house support. Network and database products are sold by User number. They do have concurrent user lock-out mechanisms. If there is growth in network size then capacity upgrades may be necessary for these products.

NETWORK REQUIREMENTS

HARDWARE

Any network that runs Windows is acceptable. Suggested hardware if purchasing or upgrading:

Minimum hardware recommendations		
SERVER (1-20 users)	SERVER (21-50 users)	WORKSTATIONS
Fastest processor 2 GB memory (2) 80 GB SATA Hard Drives RAID Controller (RAID 1) 100/1000 Network Card Backup System with software Microsoft Windows Server 2000 SQL Server Workgroup Edition	Fastest processor 3 GB memory (3) 73 GB SCSI Hard Drives SCSI RAID Controller (RAID 5) 100/1000 Network Card Backup System with software Microsoft Windows Server 2000 SQL Server Standard Edition	2GHz CPU or Better 512 MB memory 40 GB hard drive CD ROM 10/100/1000 Network Card Microsoft Windows 2000
HLP recommends purchasing hardware that is closest to 'state-of-the-art' that the budget will allow. Please contact HLP for specific recommendations to YOUR FACILITY.	OTHER	LAPTOPS
	high speed internet access 100/1000 switch Network cables Printer(s) Kiosk Barcode scanner ID scanner Web cameras Digital cameras	1GHz CPU or Better 512 MB memory 40 GB hard drive CD ROM 10/100/1000 Network or WIFI Microsoft Windows 2000 Wireless Internet card

SOFTWARE

The Network requires basic systems software to run. HLP recommends the products noted in parenthesis.

Network Server	Runs your database and allows PCs to share files and other resources, and communicate with each other. (Microsoft Windows Server 2003 recommended)
Database Engine	Stores and manages all data entered. (Microsoft SQL Server 2000 or above recommended)
Report Writer	A tool that enables User to access database to produce charts, graphs, spreadsheets, and reports. (Crystal Reports by Business Objects is required, version XI)
Chameleon Software Products	The "front end" animal management software, organizing data to fit any operations shelters require.

Subject: PetPoint

Hey Laura,

I was speaking with Diann on our software engagement team and we would like to schedule an hour Skype or GoTo Meeting with you and anyone else on your team that have any questions about PetPoint or if they have questions regarding if PetPoint can do something that would make their lives easier ☺ It won't be a full teaching meeting but Diann is a PetPoint expert and I really think she will be able to answers lots of questions for you guys and give you some insight on what you can and can't do with PetPoint.

If you can let me know a few good times that will work for you guys next week then I will get that scheduled for us.

Have a good weekend!

Law to require Illinois cats be registered and vaccinated for rabies

POSTED 12:44 PM, AUGUST 26, 2018, BY ASSOCIATED PRESS

SPRINGFIELD, Ill. – Illinois county officials have about four months to figure out details of the rabies vaccination effort for cats.

Legislation signed into law this month by Gov. Bruce Rauner amended Illinois' Animal Control Act. Beginning in January, cat owners must vaccinate their cats for rabies and keep them updated from the age of 4 months. The second rabies shot must be done within one year of the first vaccination.

As with dogs, counties will be required to issue a vaccination certificate and a rabies tag, which they will give to veterinarians to distribute.

Whiteside County Health Administrator Beth Fiorini says the procedure for shots and registration will be just like for dogs. However, the county hasn't set prices yet.

Public Acts

Information maintained by the Legislative Reference Bureau

Legislative Reports

Updating the database of the Illinois Compiled Statutes (ILCS) is an ongoing process. Recent laws may not yet be included in the ILCS database, but they are found on this site as [Public Acts](#) soon after they become law. For information concerning the relationship between statutes and Public Acts, refer to the [Guide](#).

IL Constitution

Legislative Guide

Legislative Glossary

Because the statute database is maintained primarily for legislative drafting purposes, statutory changes are sometimes included in the statute database before they take effect. If the source note at the end of a Section of the statutes includes a Public Act that has not yet taken effect, the version of the law that is currently in effect may have already been removed from the database and you should refer to that Public Act to see the changes made to the current law.

ANIMALS

(510 ILCS 92/) Illinois Public Health and Safety Animal Population Control Act.

Search By Keyword

[Search Tips](#)

{510 ILCS 92/1}

Sec. 1. Short title. This Act may be cited as the Illinois Public Health and Safety Animal Population Control Act.
(Source: P.A. 94-639, eff. 8-22-05.)

{510 ILCS 92/5}

Sec. 5. Findings. The General Assembly finds the following:

(1) Controlling the dog and cat population would have a significant benefit to the public health and safety by aiding in the prevention of dog attacks, reducing the number of dog and cat bite cases involving children, and decreasing the number of automobile accidents caused by stray dogs and cats.

(2) Increasing the number of rabies-vaccinated, owned pets in low-income areas will reduce potential threats to public health and safety from rabies.

(3) Controlling the dog and cat population will save taxpayer dollars by reducing the number of dogs and cats handled by county and municipal animal control agencies. Targeted low-cost spay or neuter programs for dogs and cats in select Illinois counties and other states have proven to save taxpayers money.

(4) This Act is established to provide a variety of means by which population control and rabies vaccinations may be financed.

(Source: P.A. 94-639, eff. 8-22-05.)

{510 ILCS 92/10}

Sec. 10. Definitions. As used in this Act:

"Director" means the Service Head for Shelter Medicine Program at the University of Illinois College of Veterinary Medicine.

"Department" means the University of Illinois College of Veterinary Medicine.

"Companion animal" means any domestic dog (*canis lupus familiaris*) or domestic cat (*felis catus*).

"Fund" means the Pet Population Control Fund established in this Act.

(Source: P.A. 100-787, eff. 8-10-18.)

(510 ILCS 92/15)

Sec. 15. (Repealed).

(Source: P.A. 94-639, eff. 8-22-05. Repealed by P.A. 100-787, eff. 8-10-18.)

(510 ILCS 92/20)

Sec. 20. Program established. The Department shall establish and implement an Illinois Public Health and Safety Animal Population Control Program. The purpose of this program is to reduce the population of unwanted and stray dogs and cats in Illinois by encouraging the owners of dogs and cats to have them permanently sexually sterilized and vaccinated, thereby reducing potential threats to public health and safety. No dog or cat imported from another state is eligible to be sterilized or vaccinated under this program.

(Source: P.A. 100-787, eff. 8-10-18.)

(510 ILCS 92/25)

Sec. 25. Eligibility to participate. A resident of the State who owns a dog or cat and who is eligible for the Food Stamp Program or the Social Security Disability Insurance Benefits Program shall be eligible to participate in the program at a reduced rate if the owner signs a consent form certifying that he or she is the owner of the dog or cat or is authorized by the eligible owner to present the dog or cat for the procedure. An owner must submit proof of eligibility to the Department. A resident of this State who is managing a feral cat colony and who humanely traps feral cats for spaying or neutering and return is eligible to participate in the program provided the trap, sterilize, and return program is recognized by the municipality or by the county, if it is located in an unincorporated area. The sterilization shall be performed by a University of Illinois College of Veterinary Medicine veterinarian or supervised veterinary student. The co-payment for the cat or dog sterilization procedure and vaccinations shall be \$15.

(Source: P.A. 100-787, eff. 8-10-18.)

(510 ILCS 92/30)

Sec. 30. Veterinarian participation. Any University of Illinois College of Veterinary Medicine veterinarian or supervised veterinary student may participate in the program established under this Act.

(Source: P.A. 100-787, eff. 8-10-18.)

(510 ILCS 92/35)

Sec. 35. Rulemaking. The Director shall adopt rules relative to:

- (1) Other immunizations covered.
- (2) Format and content of all forms required under this Act.
- (3) Proof of eligibility.
- (4) Administration of the Fund.
- (5) The percentage of fines to be allocated to education of the public concerning spaying and neutering of dogs and cats.
- (6) Any other matter necessary for the administration of this Act.

(Source: P.A. 94-639, eff. 8-22-05.)

(510 ILCS 92/40)

Sec. 40. Enforcement; administrative fine. Any person who knowingly falsifies proof of eligibility for or participation in any program under this Act, knowingly furnishes any licensed veterinarian with inaccurate information concerning the ownership of a dog or cat submitted for a sterilization procedure, or violates any provision of this Act may be

subject to an administrative fine not to exceed \$500 for each violation.

(Source: P.A. 94-639, eff. 8-22-05.)

(510 ILCS 92/45)

Sec. 45. Pet Population Control Fund. The Pet Population Control Fund is established as a special fund in the State treasury. The moneys generated from Pet Friendly license plates under Section 3-653 of the Illinois Vehicle Code and from voluntary contributions must be kept in the Fund and shall be used only to sterilize and vaccinate dogs and cats in this State under the program, to promote the sterilization program, to educate the public about the importance of spaying and neutering, and for reasonable administrative and personnel costs related to the Fund.

(510 ILCS 5/2.19b)

Sec. 2.19b. "vicious dog" means a dog that, without justification, attacks a person and causes serious physical injury or death or any individual dog that has been found to be a "dangerous dog" upon 3 separate occasions.

(Source: P.A. 93-548, eff. 8-19-03.)

(510 ILCS 5/3) (from Ch. 8, par. 353)

Sec. 3. The County Board Chairman with the consent of the County Board shall appoint an Administrator. Appointments shall be made as necessary to keep this position filled at all times. The Administrator may appoint as many Deputy Administrators and Animal Control Wardens to aid him or her as authorized by the Board. The compensation for the Administrator, Deputy Administrators, and Animal Control Wardens shall be fixed by the Board. The Administrator may be removed from office by the County Board Chairman, with the consent of the County Board.

The Board shall provide necessary personnel, training, equipment, supplies, and facilities, and shall operate pounds or contract for their operation as necessary to effectuate the program. The Board may enter into contracts or agreements with persons to assist in the operation of the program and may establish a county animal population control program.

The Board shall be empowered to utilize monies from their General Corporate Fund to effectuate the intent of this Act.

The Board is authorized by ordinance to require the registration and may require microchipping of dogs and cats. The Board shall impose an individual dog or cat registration fee with a minimum differential of \$10 for intact dogs or cats. Ten dollars of the differential shall be placed in a county animal population control fund. All persons selling dogs or cats or keeping registries of dogs or cats shall cooperate and provide information to the Administrator as required by Board ordinance, including sales, number of litters, and ownership of dogs and cats. If microchips are required, the microchip number may serve as the county animal control registration number.

In obtaining information required to implement this Act, the Department shall have power to subpoena and bring before it any person in this State and to take testimony either orally or by deposition, or both, with the same fees and mileage and in the same manner as prescribed by law for civil cases in courts of this State.

The Director shall have power to administer oaths to witnesses at any hearing which the Department is authorized by law to conduct, and any other oaths required or authorized in any Act administered by the Department.

This Section does not apply to feral cats.

(Source: P.A. 100-405, eff. 1-1-18; 100-787, eff. 8-10-18.)

(510 ILCS 5/3.5)

(Text of Section before amendment by P.A. 100-870)

Sec. 3.5. County animal population fund use limitation. Funds from the \$10 set aside of the differential under Section 3 of this Act that is placed in the county animal population control fund may only be used to (1) spay, neuter, vaccinate, or sterilize adopted dogs or cats; (2) spay, neuter, or vaccinate dogs or cats owned by low income county residents who are eligible for the Food Stamp Program or Social Security Disability Benefits Program; or (3) spay, neuter, and

* vaccinate feral cats in programs recognized by the county or a municipality. This Section does not apply to a county with 3,000,000 or more inhabitants.
(Source: P.A. 100-405, eff. 1-1-18.)

(Text of Section after amendment by P.A. 100-870)
Sec. 3.5. County animal population fund use limitation. Funds placed in the county animal population control fund may only be used to (1) spay, neuter, vaccinate, or sterilize adopted dogs or cats; (2) spay, neuter, or vaccinate dogs or cats owned by low income county residents who are eligible for the Food Stamp Program or Social Security Disability Benefits Program; or (3) spay, neuter, and vaccinate feral cats in programs recognized by the county or a municipality. This Section does not apply to a county with 3,000,000 or more inhabitants.
* (Source: P.A. 100-405, eff. 1-1-18; 100-870, eff. 1-1-19.)

(510 ILCS 5/4) (from Ch. 8, par. 354)
Sec. 4. When the Boards of 2 or more counties, through mutual agreement, wish to join to effectuate any part or all of this Act, they shall make written request to the Director, setting forth the geographical area and the Sections of this Act involved. Whenever, as ascertained from investigation, hearing, or otherwise, the Director determines it is advisable that these counties form a District, he may designate and establish such District. A District Board shall be formed and shall effectuate this Act as set forth for an individual county.
(Source: P.A. 78-795.)

(510 ILCS 5/5) (from Ch. 8, par. 355)
(Text of Section before amendment by P.A. 100-870)
Sec. 5. Duties and powers.
(a) It shall be the duty of the Administrator or the Deputy Administrator, through sterilization, humane education, rabies inoculation, stray control, impoundment, quarantine, and any other means deemed necessary, to control and prevent the spread of rabies and to exercise dog and cat overpopulation control. It shall also be the duty of the Administrator to investigate and substantiate all claims made under Section 19 of this Act.
(b) Counties may by ordinance determine the extent of the police powers that may be exercised by the Administrator, Deputy Administrators, and Animal Control Wardens, which powers shall pertain only to this Act. The Administrator, Deputy Administrators, and Animal Control Wardens may issue citations and orders for violations of this Act. The Administrator, Deputy Administrators, and Animal Control Wardens may not carry weapons unless they have been specifically authorized to carry weapons by county ordinance. Animal Control Wardens, however, may use tranquilizer guns and other nonlethal weapons and equipment without specific weapons authorization.
A person authorized to carry firearms by county ordinance under this subsection must have completed the training course for peace officers prescribed in the Peace Officer and Probation Officer Firearm Training Act. The cost of this training shall be paid by the county.
(c) The sheriff and all sheriff's deputies and municipal police officers shall cooperate with the Administrator and his or her representatives in carrying out the provisions of this Act.
(d) The Administrator and animal control wardens shall aid in the enforcement of the Humane Care for Animals Act and have the ability to impound animals and apply for security posting

b. Paying for the rabies inoculation of the dog or cat and registration, if applicable.

c. Paying the pound for the board of the dog or cat for the period it was impounded.

d. Paying into the Animal Control Fund an additional impoundment fee as prescribed by the Board as a penalty for the first offense and for each subsequent offense.

e. Paying a \$25 public safety fine to be deposited into the county animal control fund or the county pet population control fund; the fine shall be waived if it is the dog's or cat's first impoundment and the owner, agent, or caretaker has the animal spayed or neutered within 14 days.

f. Paying for microchipping and registration if not already done.

The payments required for redemption under this Section shall be in addition to any other penalties invoked under this Act.

(510 ILCS 5/11) (from Ch. 8, par. 361)

(Text of Section before amendment by P.A. 100-870)

Sec. 11. When not redeemed by the owner, agent, or caretaker, a dog or cat must be scanned for a microchip. If a microchip is present, the registered owner must be notified. After contact has been made or attempted, dogs or cats deemed adoptable by the animal control facility shall be offered for adoption, or made available to a licensed humane society or rescue group. If no placement is available, it shall be humanely dispatched pursuant to the Humane Euthanasia in Animal Shelters Act. An animal pound or animal shelter shall not adopt or release any dog or cat to anyone other than the owner unless the animal has been rendered incapable of reproduction and microchipped, or the person wishing to adopt an animal prior to the surgical procedures having been performed shall have executed a written agreement promising to have such service performed, including microchipping, within a specified period of time not to exceed 30 days. Failure to fulfill the terms of the agreement shall result in seizure and impoundment of the animal and any offspring by the animal pound or shelter, and any monies which have been deposited shall be forfeited and submitted to the Pet Population Control Fund on a yearly basis. This Act shall not prevent humane societies from engaging in activities set forth by their charters; provided, they are not inconsistent with provisions of this Act and other existing laws. No animal shelter or animal control facility shall release dogs or cats to an individual representing a rescue group, unless the group has been licensed or has a foster care permit issued by the Illinois Department of Agriculture or is a representative of a not-for-profit out-of-state organization. The Department may suspend or revoke the license of any animal shelter or animal control facility that fails to comply with the requirements set forth in this Section or that fails to report its intake and euthanasia statistics each year.

(Text of Section after amendment by P.A. 100-870)

Sec. 11. When not redeemed by the owner, agent, or caretaker, a dog or cat must be scanned for a microchip. If a microchip is present, the registered owner or chip purchaser if the purchaser was a nonprofit organization, animal shelter, animal control facility, pet store, breeder, or veterinary office must be notified. After contact has been made or attempted, dogs or cats deemed adoptable by the animal control facility shall be offered for adoption, or made available to a

Scheduling Instructions

Due to limited space, we do require a phone call in order to schedule a surgical appointment. Schedule yours by calling (630) 961-8000. While we understand that you might encounter difficulty with trapping and transport, the schedule will allow us to best accommodate as many feral/community cats as possible. On any given day, we will accept up to 3 cats per caretaker to visit. In the event

COUNTY OF KENDALL
RESOLUTION 2014-_____

**RESOLUTION TO INCREASE KENDALL COUNTY ANIMAL CONTROL ADOPTION FEES FOR
DOGS FROM \$100 TO \$120 AND PUPPIES FROM \$115 TO \$135 EFFECTIVE JANUARY 1, 2015**

WHEREAS, Kendall County operates an Animal Control facility; and

WHEREAS, the Animal Control facility provides for the adoption of animals; and

WHEREAS, the Kendall County Board sets adoption fees and regularly studies fees charged by area animal rescue and animal control facilities; and

WHEREAS, the Kendall County Board believes adoption fees for dogs and puppies should be increased to more adequately cover board and care costs.

**NOW, THEREFORE, BE IT RESOLVED BY THE COUNTY BOARD OF KENDALL COUNTY, AS
FOLLOWS:**

- 1) The Animal Control dog adoption fee shall increase from \$100 to \$120, as described in the Adoption Fee Schedule, attached hereto as "Exhibit A"; and
- 2) The puppy adoption fee shall increase from \$115 to \$135, as described in the Adoption Fee Schedule, attached hereto as "Exhibit A"; and
- 3) The adoption fees for cats and kittens shall remain unchanged; and
- 4) These increases shall become effective January 1, 2015.

Approved and adopted by the County Board of Kendall County, Illinois, this 5th day of November, 2014.

Attest:

John Shaw, Chairman
County Board

Debbie Gillette
County Clerk
