Hearing and Meeting Minutes of June 27, 2018

Chairman Ashton called the public hearing to order at 7:00 p.m.

ROLL CALL

Members Present: Bill Ashton, Tom Casey, Larry Nelson, Ruben Rodriguez, John Shaw, Claire Wilson (arrived at 7:01 p.m.), Budd Wormley, and Angela Zubko

Members Absent: Roger Bledsoe

Staff Present: Matthew H. Asselmeier, Senior Planner

In the Audience: Todd Milliron

PUBLIC HEARING

Petition 18-04 Kendall County Regional Planning Commission

Mr. Asselmeier summarized the request. The proposed changes include:

1. Changing the Agricultural Area West of Route 47 from Slightly South of Townhall Road to the Kendall/Grundy County Line to Mining (Mr. Asselmeier acknowledged the typographical error in the letter, but noted that the “south” was included in the notice in the newspaper).
2. Changing the Agricultural Area East of Route 47 from the Kendall/Grundy County Line North for a Distance of 0.50 Miles to Commercial
3. Changing the Agricultural Area at the Northwest, Southwest, and Northeast Quadrants of the Intersection of Routes 47 and 52 to Commercial
4. Changing the Agricultural Area at the Intersection of Route 47 and Plattville Road to Commercial
5. Removing Rural Settlement Classification from Map
6. Remaining Properties Along Route 47 from the Kendall/Grundy County Line to the Lisbon/Kendall Township Line Not Impacted by 1-5 Above Shall Be Changed from Agricultural to Mixed Use Business
7. Incorporating the Village of Lisbon’s Mixed Use Business and Residential Areas in Sections 16, 17, 18, 19, 20, 29, 30, 31, and 32 of Lisbon Township into the County Land Resource Management Plan
8. Incorporating the Proposed Changes to the Lisbon Township Future Land Use Map into the Kendall County Future Land Use Map
9. Remove All Language Contained in the Narrative Portion of the Kendall County Land Resource Management Plan that Conflicts with the Changes to the Lisbon Township Future Land Use Map

Ms. Wilson arrived at this time (7:01 p.m.).

Mr. Nelson requested that the final map be officially added to the record. No objections were expressed regarding this request.

Ms. Wilson asked if the properties north of Helmar Road would remain agricultural other than the commercial shown on the map. Mr. Asselmeier stated that properties north of Helmar Road were in Kendall Township and not part of the scope of this proposal.

Todd Milliron, Yorkville, asked how large in acreage was in the mining area. Mr. Nelson responded a strip of mixed use business existed between Route 47 and the mining. The specific distance was small because the Commission considered Route 47 to be a logical stop because of the berming requirements for mining currently contained in the Zoning Ordinance.

Mr. Nelson made a motion to approve the proposed amendments to the Land Resource Management Plan as presented with the amendment that only Lisbon Township information be shown on the map, seconded by Mr. Wormley. Ms. Zubko noted that the zoning of properties would not change if this proposal were adopted. Mr. Nelson noted that a property owner wishing to change their zoning would need to go through the rezoning process.

Yes – Ashton, Casey, Nelson, Rodriguez, Shaw, Wilson, Wormley, and Zubko (8)

No – None (0)

Absent – Bledsoe (1)

The motion passed. This proposal will go to the Zoning Board of Appeals on July 30th.

Mr. Nelson made a motion, seconded by Ms. Wilson, to adjourn the public hearing. With a voice vote of all ayes, the motion passed unanimously. The Kendall County Regional Plan Commission meeting adjourned at the public hearing at 7:10 p.m.

Enclosures from Public Hearing:

1. May 30, 2018 Letter to Property Owners Including the Three (3) Maps Presented at the Public Hearing.
2. Certificate of Publication for Petition 18-04 (Not Included with Report but on file in Planning, Building and Zoning Office).
3. June 27th Letter from Ruth Bell to the Kendall County Regional Planning Commission.

Chairman Ashton called the meeting to order at 7:10 p.m.

APPROVAL OF MINUTES

Ms. Zubko made a motion, seconded by Mr. Wormley, to approve the May 23, 2018, Kendall County Regional Planning Commission meeting minutes as presented. With a voice vote of all ayes, the motion carried.

PETITIONS

Petition 18-20 Fox Metro Water Reclamation District

Mr. Asselmeier summarized the request.

The Fox Metro Water Reclamation District is considering improvements at their plant on Route 31. Rather than amending their special use permit, Fox Metro is requesting that the southern portion of the property, presently zoned R-1 with a special use permit for a sewage treatment facility, be rezoned to M-1. A wastewater treatment

facility is a permitted use in the M-1 District and the rezoning would place the entire Fox Metro property in the same zoning classification. The northern portion of the property is already zoned M-1.

If the map amendment is approved, any improvement to the Fox Metro facility would still require site plan approval per Section 13 of the Kendall County Zoning Ordinance.

The Petitioner previously received special use permits to operate a sewage treatment facility onsite through the 1974 comprehensive County rezoning and Ordinances 2011-13 and 2011-35.

The existing use of the property as a wastewater treatment facility has occurred since the 1920s. The Petitioner has no desire to change the land use of the property. Even if the Petitioner did desire to change the land use of the property, a large amount of remediation and site work would be required to transform the property into a residential or other light manufacturing use.

The existing land use is Institutional. The future land use in the Land Resource Management Plan is Mixed Use Business. M-1 is a type of Mixed Use Business zoning classification.

An EcoCat is not required because the property is not zoned A-1.

The application to the Soil and Water Conservation District was submitted on May 21, 2018. The LESA score was 44 indicating a low level of protection. Previous LESA scores were 62 and 110; both scores indicate a low level of protection.

Information was sent to Oswego Township on May 29, 2018. They expressed no opposition to the proposal.

Information was sent to the Oswego Fire Protection District on May 29, 2018. They expressed no opposition to the proposal.

Information was sent to the Village of Montgomery on May 29, 2018. They expressed no opposition to the proposal.

ZPAC reviewed this proposal on June 5, 2018. They unanimously recommended approval of the proposal.

The area around the subject property has a variety of agricultural, residential, and manufacturing related zoning classifications.

Staff has no concerns about the ability of Route 31 to handle the proposed map amendment.

Wetlands are located on the subject property. Any further development of the property would have to secure all applicable permits including stormwater permits.

Fox Metro is taking precautions to reduce odors.

Because the Future Land Use Map in the Land Resource Management Plan calls for the subject property to be Mixed Use Business and the M-1 zoning classification corresponds to the Mixed Use Business designation, Staff recommends approval of the proposed map amendment. If the map amendment is approved, the special use permits and R-1 related variances granted by Ordinances 2011-13 and 2011-35 would be repealed. Any additional R-1 related variances would also be repealed upon rezoning.

Ms. Zubko noted that if the proposal is approved, only ZPAC would review changes to the site plan. The County Board would not review proposed changes and the opportunities for public comment would be reduced. Ms. Zubko had concerns regarding Fox Metro continuing to make changes.

Chairman Ashton noted that no change in use was proposed. Fox Metro is proposing changing their site plan.

Dan Caceres and Tom Muth, on behalf of Fox Metro, discussed the proposed changes to their facility. The south plant expansion is underway. Fox Metro is replacing their operations and maintenance facility which was originally constructed in the 1920s. The proposed changes are on the portion of the property zoned R-1 with the special use permit.

Discussion occurred regarding the maintenance of the cemetery west of Fox Metro. The cemetery is owned by Oswego Township and the Township is responsible for maintaining the cemetery. Mr. Muth will discuss the maintenance of the cemetery with the Township.

The bulk of the land of the Fox Metro campus is zoned R-1 with a special use permit. The entire campus is ninety-four (94) acres; Fox Metro is not acquiring more property at this time.

The operations and maintenance building expansion will double the size of the building. For this reason, the change does not qualify as a minor amendment to a special use permit. Mr. Nelson suggested that the Zoning Ordinance be amended to allow a small addition like this change to be considered a minor amendment to a special use permit.

Todd Milliron, Yorkville, stated changes to the Fox Metro campus should be reviewed by the public and the public should have an opportunity to comment on the changes. He provided a history of the Fox Metro's work in the floodplain. Mr. Muth stated Fox Metro worked out the issues with the neighbor regarding work in the floodplain. Mr. Muth discussed the process of obtaining approvals from the Illinois Environmental Protection Agency and U.S. Environmental Protection Agency.

Robert Blake, Oswego, said that Fox Metro only sent him the legal description which was very hard to read. Mr. Blake believes that Fox Metro does not care about their neighbors. The notice sign for the meeting was at the front gate to Fox Metro's property. Mr. Blake would like Fox Metro to have to appear before the County Board before making changes to their property.

Ms. Zubko asked about odor precautions. Mr. Muth noted that a carbon active system has been installed to reduce odors and they clean clarifiers whenever possible. The number of overflows has decreased dramatically. The proposed south plant expansion was approximately eighty-five percent (85%) complete; construction should be completed by March 2019.

Ms. Wilson made a motion to recommend approval of the map amendment as requested, seconded by Ms. Zubko.

Yes – Ashton, Rodriguez, and Wormley (3)

No – Casey, Nelson, Shaw, Wilson, and Zubko (5)

Absent – Bledsoe (1)

The motion failed. This proposal will go to the Zoning Board of Appeals on July 30th.

Mr. Nelson voted no because he wanted the Zoning Office to have greater authority to approve minor amendments to special use permits when small changes to site plans are proposed on a larger site. Mr. Nelson also noted that a portion of the property was used as a wastewater treatment plant before zoning was created. Several Commissioners voted no because they believed that the public should comment on expansions in the future. Ms. Zubko would have no problem approving a change to the site plan for the building expansion if it were part of a special use permit amendment. The rezoning gives great latitude over the use of the land with less oversight.

Amended Petition 17-28 Kendall County Planning, Building and Zoning Committee

Mr. Asselmeier summarized the request.

The proposal is very different from the version previously reviewed by the Commission. A clarification of property instead of yard was made. In addition, Forest Preserve and State owned land would be exempt from the regulations. The minimum lot size was removed; the setbacks of the district must be met. A sign listing firearms is required. At least one (1) designated qualified person must be present at all times when firing is taking place at for-profit outdoor target practice or shooting ranges. The qualified person shall be knowledgeable of the type of shooting being supervised, shall be approved by the owner of the range, and shall know and enforce all range rules. At least one (1) range flag flown, a sign, cone, or red light lit at all times that firing is taking place. Hours and days of operation as specified in the Special Use Permit to be determined by the County Board. Access must be controlled by a gated entrance. The range proper shall be gated and fenced in a manner so to prohibit entrance on the property by members of the public and shall have signs posted at one hundred foot (100') intervals warning members of the public of the danger. Berming may substitute for fencing. Hazardous waste plan addressing lead management required and included with other plans suggested by the National Rifle Association. No discharge of lead shot into wetland was included in the requirement to follow all applicable federal, state and local laws. The requirement to be at least one thousand feet (1,000') from existing dwellings and property lines of schools, daycares, places of worship, and air strips was removed. No alcohol allowed. No projectiles shall leave the boundaries of the site. All applicable Federal, State and local rules and regulations shall be adhered to. The safety area and range must be under the control of the operator of the range. An insurance requirement was added. The noise requirement was added with no distinction between day and night. The new ordinance does not apply to existing ranges and new ranges open to the public are governed by the proposal. The easement provision contained in previous proposal was removed. Language regarding berm height was included in the proposal.

Chairman Ashton asked about hearing and vision protection requirement. This requirement applies to the sign only.

Ms. Wilson asked why Forest Preserves and State lands were exempted from the regulations. The Planning, Building and Zoning Committee made that decision.

Ms. Zubko asked why the proposal was advanced. Mr. Asselmeier stated the Planning, Building and Zoning Committee wanted different regulations.

Several Commissioners expressed concerns regarding the repeal of the five (5) acre minimum and no reduction in overnight noise compared to daytime noise. The only setback would be the base of the berm.

Ms. Wilson asked about runoff regulation. Mr. Asselmeier responded that the Kendall County Stormwater Management Ordinance falls under following all applicable federal, state, and local laws.

Mark Perle, Old Ridge Road, expressed concerns regarding gun discharges at the Anderson Tree Farm. To date, no evidence exists that a gun range for commercial operations exists at the Anderson Tree Farm. He felt

that the five (5) acre minimum should remain. Mr. Perle also expressed concerns regarding the downgrading of the requirements of the range chief by not requiring certification. He also wanted the one thousand foot (1,000') requirement to churches and schools should remain. He wanted a better definition of "private" property. He believed that businesses should be required to get approval for unpaid shooting on the property. The recommendation given to Mr. Perle and his neighbors was to contact the State's Attorney's Office and to attend their Township meeting to discuss the matter with the Sheriff's Office.

David Lombardo, Shorewood, discussed the range size requirements. He felt that the County Board should have discretion on specific cases regarding the size and location of gun ranges based on the neighborhood of the gun range. Mr. Lombardo stated that experience should be considered in cases where certification is not provided. If regulations become too tight, the regulations cannot be codified which could lead to lawsuits.

Priscilla Gruber, Old Ridge Road, requested that gun ranges should be at one thousand feet (1,000') from houses and airstrips. She would also like to see the five (5) acre requirement remain in the regulations.

Todd Milliron, Yorkville, compared the situation with Anderson Tree Farm to the gun business situation in Seward Township from 2016 and 2017.

Scott Wallin, Minooka, asked why this proposal was under consideration. He did not think the County should invite this type of use into the County.

The suggestion was made to divide the proposal by firearm type in order to have more specific regulations. The specific categories would be shotgun, pistol, and rifle.

Ms. Zubko made a motion to send the proposal back to the Planning, Building and Zoning Committee with the request that the proposal be divided into three (3) separate sections-shotgun, pistol, and rifle, seconded by Mr. Nelson. Commissioners encouraged the Planning, Building and Zoning Committee not to exempt the Forest Preserve and State from the proposed regulations.

Yes – Ashton, Casey, Nelson, Rodriguez, Shaw, Wilson, Wormley, and Zubko (8)

No – None (0)

Absent – Bledsoe (1)

The motion passed. This proposal will go to the Planning, Building and Zoning Committee on July 9th.

Amended Petition 18-07 Kendall County Planning, Building and Zoning Committee

Due to the lateness of hour, the Commission laid over Petition 18-07 to the July 25th Commission meeting.

Todd Milliron, Yorkville, does not like the simple majority language. He would like a supermajority vote of the County Board. He would like to see cause, documentation, and due process when amendments to or revocation of special use permits are considered.

Peter Pasteris, Johnson Road, expressed concerns regarding the proposal. He does not believe a special use permit should be revoked or amended if someone is following the provisions of their special use permit.

RE: Proposed Changes to the Kendall County Future Land Use Map for Properties Adjacent to Route 47 in Lisbon Township

Dear Property Owner:

The Kendall County Regional Planning Commission and Kendall County Comprehensive Land Plan and Ordinance Committee are considering changing the Future Land Use Map for properties located adjacent to Route 47 in Lisbon Township. In general, the proposed changes are as follows:

1. Changing the Agricultural Area West of Route 47 from Slightly North of Townhall Road to the Kendall/Grundy County Line to Mining
2. Changing the Agricultural Area East of Route 47 from the Kendall/Grundy County Line North for a Distance of 0.50 Miles to Commercial
3. Changing the Agricultural Area at the Northwest, Southwest, and Northeast Quadrants of the Intersection of Routes 47 and 52 to Commercial
4. Changing the Agricultural Area at the Intersection of Route 47 and Plattville Road to Commercial
5. Removing Rural Settlement Classification from Map
6. Remaining Properties Along Route 47 from the Kendall/Grundy County Line to the Lisbon/Kendall Township Line Not Impacted by 1-5 Above Shall Be Changed from Agricultural to Mixed Use Business
7. Incorporating the Village of Lisbon's Mixed Use Business and Residential Areas in Sections 16, 17, 18, 19, 20, 29, 30, 31, and 32 of Lisbon Township into the County Land Resource Management Plan
8. Incorporating the Proposed Changes to the Lisbon Township Future Land Use Map into the Kendall County Future Land Use Map
9. Remove All Language Contained in the Narrative Portion of the Kendall County Land Resource Management Plan that Conflicts with the Changes to the Lisbon Township Future Land Use Map

The existing Future Land Use Map and the Proposed Future Land Use Map are enclosed for your reference. The proposed Future Land Use Map is slightly different from the proposal presented at the February meeting in Plattville. The map key is:

Mining=M-3 (Mining and Mining Related Uses)

Mixed Use Business=B-6, M-1, M-2 and M-3 (Large Office and Manufacturing Uses)

Commercial= B-1, B-2 and B-3 (Small Office and Retail Uses)

The Kendall County Regional Planning Commission will hold a public hearing on the proposed changes on Wednesday, **June 27th at 7:00 p.m. at 111 W. Fox Street, in Rooms 209 and 210, in Yorkville.**

If the Proposed Future Land Use Map is approved, the zoning of your property will **NOT** change unless the property owner requests a change. The current uses of your property will **NOT** change unless the property owner initiates the change.

If you have any questions regarding this letter or meeting, please contact Matt Asselmeier, Kendall County Senior Planner at 630-553-4139 or masselmeier@co.kendall.il.us.

Sincerely,

THE COUNTY OF KENDALL

Findings of Fact for Proposed LRMP Map Changes Along Route 47 (Approximately 5.5 Miles)
in Lisbon Township

1. The Illinois Department of Transportation approved Alternative B5 in 2007 which called for the widening of Route 47 from Caton Farm Road to the Grundy County Line through Lisbon Township as part of the Prairie Parkway Project.
2. The purpose of the Prairie Parkway was to:
 - a. “Improve regional mobility by providing more north-south, higher speed multi-lane roads or additional lanes to serve traffic growth and reduce regional travel times for long distance travel.
 - b. Address local system deficiencies by developing a transportation system that serves forecast growth in local traffic and reduces travel times.
 - c. Improve access from the study area to regional jobs by serving the forecast growth in work trips and by reducing travel times from the study area current and future jobs.
 - d. Improve safety by reducing existing and projected growth in motor vehicle crashes”
Source: Prairie Parkway Design Report (2011) Page 1.
3. The Illinois Department of Transportation did not conduct any economic analysis of the impact of the proposed Prairie Parkway on lands located near Route 47 south of Caton Farm Road. Source: Illinois Department of Transportation
4. The Illinois Department of Transportation withdrew centerline protection of the Prairie Parkway in February 2018.
5. There are commercial and industrial lands in Grundy County and Minooka closer to Interstate 80 interchange
 - a. Kraft facility has 1 million square feet available.
 - b. 150 acres is available across from the Morris Airport
 - c. Morris plans warehouses out to Brisbin Road.
 - d. Morris plans retail on Route 47 north of town.
 - e. Morris plans industrial uses by the airport.
Source: Grundy County EDC
6. The City of Morris has extended water lines to Minooka Road and sanitary sewer lines to Nelson Road; no plans to extend infrastructure into Lisbon Township. The City of Morris obtains water for the area north of Interstate 80 from wells south of Interstate 80 Source: Guy Christensen, City of Morris

7. The Chicago Metropolitan Agency for Planning, in the Kendall County Industrial Market Analysis of April 2016, concluded that industrial uses would favor locations near Minooka and inside Grundy County because of their proximity to Interstate 80 (Page 34)
8. Any buildings constructed presently along the corridor will utilize wells and septic systems. Larger buildings (over 5,000 square feet) will need adequate water for fire suppression and/or will need to be constructed with appropriate firewalls.
9. No fiber optics lines currently exist in the area.
10. Traffic counts along Route 47 in Lisbon Township have generally declined since 2003 with the exception for the north end of the Township:
 - a. 5400 (2003) to 4950 (2017) south end of County
 - b. 6300 (2003) to 4950 (2017) south end Route 47 and 52 interchange
 - c. 6600 (2003) to 6250 (2017) north of Chicago Road
 - d. 6400 (2003) to 6700 (2017) at Newark RoadSource: Illinois Department of Transportation
11. Traffic Counts on Route 52 have remained steady since 2003:
 - a. 1800 (2003) to 1600 (2017) south of Bushnell School Road
 - b. 2900 (2003) to 3350 (2017) east of 47Source: Illinois Department of Transportation
12. Current traffic accidents are most likely to occur near road intersections; many of these accidents are “failure to yield” type accidents. The types of accidents could change and could include more overcorrection type accidents after the widening project is completed. Source: Kendall County Sherriff’s Department
13. The existing Kendall County Land Resource Management Plan calls for agricultural uses along most of the corridor. Source: Kendall County Land Resource Management Plan (2011)
14. The Village of Lisbon’s existing Comprehensive Plan calls for commercial, mixed uses and mining along and near the corridor. Source: Village of Lisbon Comprehensive Plan (2009)
15. The intersection of Routes 47 and 52 is the most likely area on the northeast side of an enlarged Village of Lisbon where sales tax producing businesses could locate. The northeast corner of the intersection is already zoned B-3 Highway Business.

16. Existing mining operations are located in Sections 21, 28 and 33. The mining operations could expand into Sections 32, 29 and 20.
17. West Aux Sable Creek is located in the area.
18. The intersection of Plattville Road and Route 47 is the most likely area on the west side of an enlarged Village of Plattville where sales tax producing businesses could locate.
19. Grainco FS and CHS Elburn currently operate grain storage facilities between Helmar and Newark Roads on the west side of Route 47. These uses are special uses in the A-1 Zoning District and are Permitted Uses in the M-2 Zoning District.
20. Commonwealth Edison has a ROW along Route 47 running north to south and near Townhall Road running east to west.
21. The Kendall County Land Resource Management Plan includes classifications for Commercial Uses (office and retail establishments at nodes), Transportation Corridor Uses (uses in B-3, B-5 and B-6 Zoning Districts), Mixed Use Business (uses in B-6 and the 3 Manufacturing Districts) and Mining.
22. Most of the land along the corridor is currently used for agricultural purposes.
23. The Kendall County Economic Development Committee would like outer roads to ensure to prevent interruption of traffic flows in the area. The Committee was also concerned about adequate water and the aesthetics of the corridor. The Committee also wanted a portion of the corridor reserved for industrial uses.
24. Few houses are located along the corridor. Locations with less traffic tend to be better suited for residential uses and these locations exist elsewhere in the County. No loss of affordable housing units is anticipated. The County will remain in compliance with the Illinois Affordable Housing Planning and Appeal Act (310 ILCS 67).

9.04 B-3 HIGHWAY BUSINESS DISTRICT

A. Purpose: The B-3, Highway Business District is intended for major retail, service and repair establishments serving a large trade area, usually the entire County or beyond and oriented to the traveling public. The trade area population served by these establishments requires easy access, although patronage is more dispersed and visits to these establishments less frequent than in the B-1 District and B-2 District. It is the intent of the B-3 District regulations that establishments desiring location along major traffic routes are grouped with appropriate and adequate access ways provided.

B. Permitted Uses. The following uses are permitted:

1. All Permitted Uses identified in the B-2 General Business District
2. Agricultural implement sales and service on an open lot or within a building.
3. Animal hospital
4. Banquet Halls are permitted subject to the following conditions:
 - a. The facility shall have direct access to a road designated as an arterial roadway or major collector road as identified in the Land Resource Management Plan.
 - b. The subject parcel must be a minimum of 5 acres.
 - c. The use of this property shall be in compliance with all applicable ordinances. The banquet facility shall conform to the regulations of the Kendall County Health Department and the Kendall County Liquor Control Ordinance. (Ord. 99-34)
 - d. Off-street parking, lighting and landscaping shall be provided in accordance with the provisions of Section 11 of the zoning ordinance.
 - e. All signage shall comply with the provisions of Section 12 of the Kendall County Zoning Ordinance.
 - f. Retail sales are permitted as long as the retail sales will be ancillary to the main operation.
 - g. The noise regulations are as follows:

Day Hours: No person shall cause or allow the emission of sound during daytime hours (7:00 A.M. to 10:00 P.M.) from any noise source to any receiving residential land which exceeds sixty five (65) dBA when measured at any point within such receiving residential land, provided; however, that point of measurement shall be on the property line of the complainant.

Night Hours: No person shall cause or allow the emission of sound during nighttime hours (10:00 P.M. to 7:00 A.M.) from any noise source to any receiving residential land which exceeds fifty five (55) dBA when measured at any point within such receiving residential land provided; however, that point of measurement shall be on the property line of the complainant.

EXEMPTION: Powered Equipment: Powered equipment, such as lawn mowers, small lawn and garden tools, riding tractors, and snow removal equipment which is necessary for the maintenance of property is exempted from the noise regulations between the hours of seven o'clock (7:00) A.M. and ten o'clock (10:00) P.M.

5. Beverages, non-alcoholic, bottling and distributing.
6. Boat, Trailer and Recreational Vehicle sales or rental and service
7. Carpet and Rug Stores
8. Clean up and restoration services with the following conditions:
 - a. If zoned A-1 Agricultural the facility shall have direct access to a road designated as a major collector (or higher) on the County Land Resource Management Plan.
 - b. All commercial vehicles are to be stored inside an accessory structure when not in use unless outdoor storage is screened from adjacent and surrounding properties and screening and storage is shown on the approving site plan.
 - c. All operations are to take place inside an enclosed structure.
 - d. A waste management plan must be submitted for approval and included as an exhibit to the approving ordinance
 - e. A material management plan must be submitted including where items will be stored on site including but not limited to chemicals and belongings.
 - f. No materials that are brought in can be burned on this site.

TO: Kendall County Planning Commission

RE: Proposed changes to Lisbon Township LRMP

Once again, I unable to attend your meeting tonight, June 27, and am forwarding this written comment for your consideration.

Thank you for removing the Prairie Parkway from the Planning map. I was most concerned about its continued inclusion on the map.

I remain concerned about the following:

Changing the Agricultural area west of Route 47 slightly north of Townhouse Rd south to the Kendall/Grundy County line to Mining: I feel allowing all the various Mining and B-6 classifications - six pages of uses, single spaced - for such a long stretch along Rt 47 allows far too many uses that are counterproductive to agriculture and residents. I recommend classifying the area west of Rt 47 north and south of Joliet Road to M-3, and moving north along Rt 47 to just north of Townhouse Rd., classify in order of declining intensity properties as M-2, M-1, and B-6

Extending the undefined M classification west on Rt 52 to Lisbon from the Rtes. 47/52 intersection: I realize this is done to accommodate Village of Lisbon growth and tax collection capabilities and is what is done statewide to accommodate incorporated villages and town. However, it is not good planning. The interests of the Village and its present and future residents are better served by the Village extending its own planning and zoning plan into its Extra Territorial Zoning district and, as parts of the ETZ are annexed to the Village, continuing to plan and zone its ETZ as the Village boundaries extend.

If the Commission prefers to keep M classification along Rt 52 from 47/52 intersection to Village of Lisbon, I ask that the M designation be made more specific -- showing B-6, M-1 and M-2 categories for various parts of that stretch of Rt 52. Doing so would lessen negative impact the very wide range of uses allowed in M designation would have on existing agriculture and residents.
