### Information maintained by the Legislative Reference Bureau

Updating the database of the Illinois Compiled Statutes (ILCS) is an ongoing process. Recent laws may not yet be included in the ILCS database, but they are found on this site as [Public Acts](#) soon after they become law. For information concerning the relationship between statutes and Public Acts, refer to the [Guide](#).

Because the statute database is maintained primarily for legislative drafting purposes, statutory changes are sometimes included in the statute database before they take effect. If the source note at the end of a Section of the statutes includes a Public Act that has not yet taken effect, the version of the law that is currently in effect may have already been removed from the database and you should refer to that Public Act to see the changes made to the current law.

(55 ILCS 5/5-1117) (from Ch. 34, par. 5-1117)

Sec. 5-1117. Discharge of firearms.

(a) The county board of any county may, by ordinance, regulate or prohibit within unincorporated areas the discharge of firearms in any residential area where such discharge is likely to subject residents or passersby to the risk of injury. However, such an ordinance shall not limit the right to discharge a firearm for the lawful defense of persons or property, or in the course of making a lawful arrest, when such use of force is justified under Article 7 of the Criminal Code of 2012.

(b) For the purposes of this Section, a "residential area" is any area within 300 yards of at least 3 single or multi-family residential structures.
