Accounting Report – Jeff Wilkins reviewed the monthly financial report with the committee, and said it has been a good year so far, although revenues are down slightly overall, but expenses are also down. Mr. Wilkins also briefly reviewed the vouchers submitted for payment.

Operations Report

- *Full-time Kennel Manager/Animal Control Officer posting and Job Description* – Jeff Wilkins informed the committee about the posting and briefly reviewed the proposed job description.

Laura Pawson also explained that since the trailer will be used as the business offices for the facility, and she will be in the office area, there is need for a Kennel Manager to remain in the facility to supervise the volunteers, interact with citizens and oversee the care of the animals.

Discussion on the funding for this position, why a position is being added when it doesn't appear to be warranted based on the current animal intakes, where cuts will be made to warrant the position, and the job description. Mr. Wilkins said this would be a non-exempt position with an hourly rate.

Member Flowers made a motion to forward to the County Board for approval the Full-time Kennel Manager/Animal Control Officer posting and Job Description, second by Member Prochaska. **With all in agreement, the motion carried.**

- *Recommendations for Mobile Trailer* – Jeff Wilkins reviewed the site plan, proposed floors plans, the other cost breakdown, and the lease and purchase option information.

Discussion on the two size options, the option to lease or purchase, the entrance locations on the models, the ramp requirements and the needs of the facility/staff.

Member Wehrli said that if the County leased a trailer, the vendor would clean the trailer prior to delivery, and they would make any repairs to the HVAC and trailer as long as we continued to lease. If the County purchased the trailer, all of those responsibilities would fall to the County.

Member Wehrli, Jim Smiley and Jeff Wilkins are planning another trip to the vendor to research the entrance positions, and will report back to the committee at the next meeting.

Public Comment – None

Executive Session – None needed

Action Items for the County Board

- *Approval of Full-time Kennel Manager/Animal Control Officer posting and Job Description*

Adjournment – Member Prochaska made a motion to adjourn the meeting, second to the motion by Member Flowers. **With all in agreement, the meeting was adjourned at 4:50p.m.**

Respectfully Submitted,

Ask About Sox

ABOUT SOX

Looking for someone to have some summer fun with? Sox loves his pool and going for walks and we have feeling he would love BBQ's too. Sox has been waiting a long time for his forever home, he came to us on New Years Eve and is still here. Please give this awesome boy a chance!!!!!! Sox is a wonderful but keeps getting passed over. Unfortunately when people come in to see our dogs, he barks in his kennel and scares them away. Its very sad because once you get him out of his kennel he is so sweet. Sox and his mother were surrendered to us because the family that owned them were moving. Sox is a sweet, but active 3 year old boy. He will need an owner that will teach him the things his past owners did not. He is good with other dogs, as long as they are up for some high energy play. He is a beautiful boy and with some training we know he will make a great companion for some lucky person or family. We really want him to get a home of his own and begin a new life where he will be loved and happy. He is up to date on his vaccines, heartworm tested, neutered, and microchipped. His adoption fee is waived for an approved adopter as he has a sponsor that covered the fee. Come in to Kendall County Animal Control and meet Sox, maybe he will be your new best friend.

Ask About Pork Chop

ABOUT PORK CHOP

Pork Chop got his name because he is a big ham. He is 70 pounds of pure love, he is a big goof ball and is always happy. Pork Chop is great with other dogs and does not seem to understand if a certain dog does not like him, its almost like his feelings get hurt. He keeps his kennel clean so he might be house broken. Pork Chop loves people of all sizes and wants to please so that is a huge plus. Pork Chop was a stray but we have estimated him to be about a year old. When you meet Pork Chop he is of course super excited to have visitors, but after a few minutes he calms right down. He seems to be picking up things pretty quickly so we think he will be a fast learner. Pork Chop is up to date on his vaccines, neutered, microchipped, and heartworm tested. His adoption fee is \$120 and he is just waiting to meet that special someone that will give him a loving forever home. We really cant say enough about this boy, he really is an exceptional dog! Pork Chop attended an adoption event with a few of our other dogs and he was great with all the dogs and people. Stop in at Kendall County Animal Control and meet Pork Chop and his other adoptable friends.

Ask About Mr.Pibb

ABOUT MR.PIBB

Mr.Pibb or Pibb for short, is an exceptional dog. He is super sweet so we name him after a sweet, sugary soda pop. He gets along with other most dogs, likes to play, enjoys his toys and hanging outside with his canine friends. He was a stray and is estimated at 1-2 years of age and his breed is our best guess. He is very smart and has the ticking of a cattle dog but we think he could be a mixture of several breeds. Mr. Pibb likes to play, however he can be mouthy and high energy so he is no small kida please. We have heard, lab, pointer and even border collie, so its anyone's guess. He is really an adorable boy and has an very fun and happy personality. He keeps his kennel clean so he might even be housebroken. He is fully vetted and his adoption fee is \$120.00 .Stop in at Kendall County Animal Control and meet this awesomely loving boy.

June Volunteer Spotlight

Allison Hartkopp

How long have you been volunteering for Kendall County Animal Control:

I have been a volunteer at KCAC for over six years now.

Please share a story about a favorite pet past or present:

There have been so many special animals that have come through the shelter. It's hard to pick just one, but if I have to pick one it would have to be Dandelion, the 7 year old German Shepherd. When I worked at the shelter, Anna and I went to pick her up. Dandy was caught in a live trap, and she was absolutely terrified. When we

got her back to the shelter, she started to warm up with the staff members, but unfortunately when we heartworm tested her, she was positive. We ended up getting Dandelion treatment for it, but she did have a couple health problems along the way. When she was finally all healthy, she went up for adoption and received lots of love from the volunteers. Unfortunately, she kept getting past up and we didn't know why because she was a sweet dog. Naperville Area Humane Society was kind enough to take her, and she was FINALLY adopted to a loving family with two little girls that will spoil her rotten!

What is your favorite part of volunteering?

My favorite part of volunteer-

ing is socializing the animals. I think socializing the animals there is so important and will better help their chances of being adopted. So if we have a scared cat or unconfident dog, I will spend most of my time working with them and building up their confidence to better help them find a home. When they do find a home, it makes all the time I spent with that animal worth it.

What are 3 things we may not know about you?

1. I have three guitars, all 3 are pink, and I have been playing guitar since I was 13.
2. I've been to two red carpet premieres in Los Angeles, and have met several celebrities.
3. I collect antique glass/ceramic dogs.

Allison spending time with Mr. Pibb.

June Adoptable-Pork Chop! Adoption Fee Sponsored!

Pork Chop is a large mix breed and got his name because he is a big ham. He was a stray but we have estimated him to be about a year old. He is 70 pounds of pure love. Pork Chop is a big goof ball and is always happy. He is great with other dogs and does not seem to understand if a certain dog does not like him, as if his feelings get hurt. He keeps his kennel clean so he might be house broken. Our volunteers have been working on his training, but because of his size, no real small children please. When you meet Pork Chop he is of course super excited to have visitors, but after a few minutes he calms right down. He is a very smart boy who learns very quickly. Pork Chop is up to date on his vaccines, neutered, micro-chipped, and heartworm tested.

- Laundry Detergent, Dish Detergent, Bleach
- Clumping Cat Litter
- High Grade Dry Dog Food
- High Grade Grain Free Dry Dog Food

Adoptable Cat-Hudson!

Hudson is a really great boy. He is loving, sweet, and great with other cats. He is also quiet, curious and can be playful. He loves attention and we think he would make the perfect addition to any caring home. He seems to have a "roll with it" personality and is up for meeting new cats and people. He is estimated at 7 years young and that is not old for a cat. He has plenty of love left to give would just love to have a home of his own. Hudson is fully vetted and microchipped his adoption fee is \$70.00 and he is available for adoption at Kendall County Animal Control.

Shout Outs and Thank You's!

We're thankful for all the wonderful people that come in on a regular basis with donations of food, toys, recyclable cans, and other items on our wish list. This month, we have a special shout outs for folks that went above and beyond.

Lilah Weidner of Yorkville donated many needed items to the shelter including dog food, bleach and detergent!

Thanks for your help Lilah!

Big Thanks to Cal Vasko, Gabe Vasko, Emmett Vasko and Blayke Lohman of Yorkville who raised \$30 selling lemonade and donated it to the shelter!

Big thanks to all the donors who anonymously placed cash in the shelter's donation jar. With your help we are able to purchase many items needed for the shelter!

Rescue Tails

On February 23, 2016 Animal Control received a call from the Kendall County Sheriff's Department requesting us to respond to a Montgomery residence to assist the sheriff with an eviction. We were asked to remove a pet cat who had been left in the house. Staff was warned ahead of time that this was a hoarding situation and the house was unsanitary. We prepared by dressing in protective suits and face masks and went in to the home where we located the cat pretty quickly. We were just about to leave with the cat when the owner showed up. Fortunately we were able to get some information about the cat, who we learned was named "Rekon" and was 13 years old. The owner confirmed Rekon was the only pet she had in the home at the time. She also told us the cat had some dental issues and had trouble eating. The owner, no longer able to care for Rekon went ahead and signed ownership over to animal control. When we got Rekon back to the shelter we made him comfortable and gave him some soft food. He showed us right away that he was a gentle and loving cat when we stroked his back and he purred. We kept him safe, fed and happy for a couple weeks, but because of his advanced age and dental issues, we determined he would be better suited in a foster home. It simply would not be fair to a senior cat like Rekon to be at a shelter. We reached out to a few rescues and we were so thankful when one responded and said they could take him. On May 7th Rekon was picked up by a nice lady named Norma who operates a rescue called "Paws and Purrs Humane Society" who has also helped us by taking other special needs cats. We received an update from Norma and she reports that Rekon has since been placed in to his forever home where he will be loved and cherished as all seniors should be. Kendall County Animal Control is the County agency responsible for the enforcement of the state statutes governing rabies control in domestic companion animals. The State of Illinois requires that all dogs be vaccinated against rabies by a licensed veterinarian. Compliance with this law is monitored through the issuance of rabies tags for all dogs residing in the County. All dogs are required to wear their rabies tags when off of the owner's property. If a pet is lost, rabies tags also provide an excellent means of identifying your pet.

Kendall County Animal Control enforces the County's ordinance that prohibits dogs from running at large in unincorporated, residential areas. Animal Control also reports animal bites as well as pick up stray dogs that are in a contained area. Stray dogs may also be brought to the facility during business hours. Dogs and cats are available for adoption at our facility.

May Summary

There were many memorable moments in May. Among our favorites were "Mouse" and "Gopher". Cute Mouse went to his forever home on 5/12/16 and Gopher, a sweet senior went home with his two Moms on 5/23/16. Here is a quick breakdown of Kendall County Animal Control's numbers for the month of May:

- Dogs reunited with their owners: 22
- Dogs adopted: 4
- Dogs placed with rescue groups: 1
- Cats reunited with their owners: 0
- Cats adopted: 1
- Cats placed with rescue groups: 1

Mouse going home with his new Mom on May 12th.

Gopher's Mom brought him in for a little visit on June 7th.
