The Centers for Disease Control and Prevention (CDC) updated the Interim Public Health Recommendations for Fully Vaccinated People in non-health care settings. In summary, fully vaccinated people no longer need to wear a mask or physically distance in any non-healthcare setting, except where required by federal, state, local, tribal, or territorial laws, rules, and regulations, including local business and workplace guidance. An Executive Order from Governor Pritzker yesterday concurred with the CDC. **Kendall County Board Chairman Scott R.
