REGIONAL PLANNING COMMISSION**

*Kendall County Office Building  
Rooms 209 and 210  
111 W. Fox Street, Yorkville, Illinois*

**Unapproved - Meeting Minutes of December 13, 2023 - 7:00 p.m.**

Chairman Bill Ashton called the meeting to order at 7:05 p.m.

**ROLL CALL**

**Members Present:** Bill Ashton, Eric Bernacki, Dave Hamman, Larry Nelson, Ruben Rodriguez, Claire Wilson, and Seth Wormley (Arrived at 7:07 p.m.)

**Members Absent:** Tom Casey, Karin McCarthy-Lange, and Bob Stewart

**Staff Present:** Matthew H. Asselmeier, Director, and Wanda A. Rolf, Administrative Assistant

**Others Present:** Dan Kramer, Andrew Schwartz, Robert Schwartz, and Carrie Barns

**PUBLIC HEARING**

The Kendall County Regional Planning Commission started their review of Petition 23-32 at 7:06 p.m.

**Petition 23-32 Alan Drake on Behalf of Grainco FS, Inc. (Property Owner) and Andrew and Robert Schwartz on Behalf of A.B. Schwartz, LLC (Contract Purchaser)**

Mr. Asselmeier summarized the request.

Member Wormley arrived at this time (7:07 p.m.)

A.B. Schwartz, LLC would like an amendment to the Future Land Use Map contained in the Land Resource Management Plan for approximately nineteen point eight more or less (19.8 +/-) acres located on the west side of Route 47 addressed as 8115 Route 47. If the change to the Future Land Use Map is approved, the Petitioner would like to rezone the property to M-1 in order to operate a tile business, offices, warehouses, fuel storage, and other light industrial uses.

The application letter and pictures of the property were provided.

The property is located at 8115 Route 47, Yorkville.

The property is vacant and improved commercial.

Two (2) of the parcels are zoned A-1 and three (3) of the parcels are zoned A-1 with special use permits.

The County's plan calls for the property to be Transportation Corridor.

Yorkville's plan calls for the property to be Agricultural.

Route 47 is a State maintained arterial road.

There are no trails planned in this area.

There are no floodplains or wetlands on the property.

The adjacent land uses are Improved Commercial, Agricultural, Farmstead, and Transportation/Community/Utility (IDOT Yard).

The adjacent properties are zoned A-1 and B-3 in the County and R-2 and R-3 in Yorkville.

The County's plan calls for the area to be Transportation Corridor, Commercial, and Rural Residential (Max 0.65 DU/Acre).

Yorkville's plan calls for the area to be Estate/Conservation Residential, and Agricultural.

Properties within one point five (1.5) miles were zoned A-1, A-1SU, R-1, R-3, and B-3 in the County and R-2, R-3, B-1, and B-3 inside Yorkville.

The A-1 special use permits to the south are for a church, an illuminated sign, and a cemetery.

Petition information was sent to Kendall Township on November 17, 2023. At their meeting on November 21, 2023, the Kendall Township Planning Commission recommended approval of the request. The Kendall Township Board was still reviewing the proposal.

Petition information was sent to the United City of Yorkville on November 17, 2023. Yorkville plans to review the proposal in January 2024.

Petition information was sent to the Bristol-Kendall Fire Protection District on November 17, 2023. No comments received.

ZPAC reviewed the proposal at their meeting on December 5, 2023. It was noted that the septic system was designed for a maximum fifteen (15) people. The Petitioner's Attorney indicated that fewer people will be on the property compared to the number of people onsite for previous uses. The Illinois Department of Transportation had not been in negotiations with the property owners related to land acquisition for right-of-way expansion. With two (2) access points, the property possessed good access onto Route 47. ZPAC recommended approval of the proposal by a vote of seven (7) in favor and zero (0) in opposition with three (3) members absent. The minutes of the meeting were provided.

The portions of the property identified by parcel identification numbers 05-09-300-007, 05-16-100-004, and 05-16-100-020 were originally rezoned to M-1 in 1966 by Ordinance 1966-08. These properties were rezoned back to A-1 and granted a special use permit during the County-wide rezoning in 1974. A special use permit was granted at these properties to expand the gas facilities in 1979 by Ordinance 1979-20. A special use permit for an illuminated sign was granted at the property in 1998 by Ordinance 1998-09. Ordinances 1966-08, 1979-20, and 1998-09 were provided.

In addition to the various zoning actions previously mentioned, the portion of the property identified by parcel identification number 05-16-100-020 was granted variances in 1997 for a reduction of the front yard setback by twenty feet (20') for a canopy and fuel pumps and a ten foot (10') front yard setback reduction for post placement. The information for this variance was provided.

Those portions of the property identified by parcel identification numbers 05-16-100-003 and 05-09-300-006 appear to have always been zoned A-1.

According to the definition of Transportation Corridor found on page 7-36 of the Land Resource Management Plan, this type of land use would be associated with the B-5 Business Planned Development District, B-6 Office and Research Park District, and limited B-3 Highway Business District.

The proposed tile business, offices, warehouses, fuel storage, and other light industrial uses would more applicably fit on properties zoned M-1, which more closely corresponds to the Mixed Use Business classification.

If the request is granted, the adjacent properties on the west side of Route 47 (the former Aux Sable Building and the Illinois Department of Transportation yard) could submit the same reclassification request in the future. The types of uses of those buildings and properties could also fit into the Mixed Use Business classification.

Staff recommended approval of the requested amendment.

Chairman Ashton opened the public hearing at 7:11 p.m.

Dan Kramer, Attorney for the Petitioner, stated that changing the Kendall County Land Resource Management Plan made sense because the proposal conforms with the various uses at the property for the past forty (40) years. He noted Grainco FS' previous operations at the site. Grainco FS will continue to be a tenant and sell the LP and bulk gas. The tile business will focus on agricultural clients. Mr. Kramer believed that the United City of Yorkville's conservation classification was a placeholder.

Member Wilson asked if the underground fuel tanks have been removed. Mr. Kramer stated that all tanks are above ground.

Member Nelson asked why the request was for a map amendment instead of special use under A-1. Member Wormley commented that, if it was a special use permit, the owner would have to obtain a special use permit for every tenant, which creates much more work for the Planning, Building and Zoning Department.

Member Nelson asked about the allowable uses in M-1. Commissioners reviewed the list of permitted uses in the M-1.

Member Nelson felt the local fire department should play a role in reviewing the types of business allowed at the site.

Mr. Kramer noted that the Petitioners were requesting Mixed Use Business and they were not constructed any new buildings.

Member Wilson noted that the more objectionable uses allowed in the M-1, like the slaughtering of rabbits, has to occur indoors. Member Nelson concurred and noted that the Health Department would be heavily involved in the regulation of that use.

Member Wilson asked about the possibility of annexation into Yorkville. Mr. Kramer stated he doesn't believe it would be annexed because Yorkville was focused on retail development and Yorkville did not have any utilities in the vicinity.

Member Rodriguez and Member Wormley visited the site and stated the business has much potential.

Member Nelson asked about the process to change the Plan for all the businesses in the vicinity to M-1. Mr. Asselmeier recommended bringing a proposal to the January 2024 meeting identifying specific properties and

giving property owners the opportunity to be contacted to see if they were in favor of reclassification. The property owners could be invited the February 2024 Annual Meeting.

Member Rodriguez made a motion, seconded by Member Bernacki, to adjourn the public hearing. With a voice vote of seven (7) ayes, the motion carried.

Chairman Ashton closed the public hearing at 7:34 p.m.

Member Wormley made a motion, seconded by Member Hamman, to recommend approval of the reclassification.

The votes were as follows:

Ayes (7): Ashton, Bernacki, Hamman, Nelson, Rodriguez, Wilson, and Wormley

Nays (0): None

Absent (3): Casey, McCarthy-Lange, and Stewart

Abstain (0): None

The motion carried. The proposal will go to the Kendall County Zoning Board of Appeals on December 18, 2023.

The Kendall County Regional Planning Commission completed their review of Petition 23-32 at 7:34 p.m.

### **ADJOURNMENT**

Member Nelson made a motion, seconded by Member Wilson, to adjourn. With a voice vote of seven (7) ayes, the motion carried.

The Kendall County Regional Planning Commission meeting adjourned at 8:16 p.m.

**RE: Kendall - Grundy FS - Variation**

An application for a variance from Section 7.0.D.1.A of the Kendall County Zoning Ordinance pursuant to Section 13.04.B.2 was submitted to the Kendall County Zoning Officer.

The applicant is requesting a variance of the front yard setback in the agricultural district.

After due notice as required by law, the Zoning Board of Appeals held a public hearing on Tuesday, July 29, 1997 at 7:00 p.m. in the Kendall County Board Room at 111 West Fox Street in Yorkville, Illinois.

At the hearing Mr. Manning explained a petition was received from the owner of the Kendall - Grundy Farm Service property for their facility located at 8115 So. Rt. 47, Kendall Township. The property currently has an A-1 Special Use. It was determined when that Special Use was established, that a petroleum service station and sales use of the property would be a permitted use. The petitioners would now like to establish and construct that on this property. They have submitted a site plan showing a pump island set back 90' from the right-of-way on Rt. 47 with an overhead canopy set back 80' from the right-of-way.

Mr. Manning stated he had received a letter from Andrew Sviria, an engineer for District 3 of IDOT. The letter contained IDOT's long range plan to shift the right-of-way for Rt. 47 and showed their drawing. The plan will shift the west right-of-way line another 20' west. When that occurs, it would put the canopy setback at 60'.

Dan Kramer, attorney, and Larry Matteson, FS manager, were sworn in by Chairman Ford. Mr. Kramer explained the current right-of-way is 120' (60' west and 60' east). He talked to Mr. Sviria and explained that the canopy would not be an enclosed building. Jason Poppen from IDOT called him and said the head engineer reviewed this and did not see a problem. Mr. Kramer asked for this to be put in writing as soon as possible. He said that when asking for a recommendation tonight, that the vote be contingent upon Mr. Manning receiving that letter withdrawing their objection.

Mr. Kramer entered petitioners exhibit #1 showing an aerial view of the property and pointed out the IDOT building is as close as the variance FS is asking for. (80' off the right-of-way line). FS plans on putting a two pump island in on this specific spot so there will be a wide enough swing area for the trucks.

This location is right next to the existing building which houses the computers and the cash register. There will be no additional buildings constructed. Mr. Kramer entered a color picture of the proposed canopy as exhibit #2. The canopy top will be 80' and will cover the two pumps north and south to the road. He is asking for a variance of 20' for the canopy and a 10' variance for the posts.

Mr. Manning questioned if there could not be other locations. Mr. Matteson explained why this location is the best in his opinion due to congestion and the loading docks. He said they will sell to the public both deisel and gas with the two pumps.

After testimony the Zoning Board made the following findings of fact: (13.04.A.2)

1. Are there particular physical surroundings, shape or topographical condition of the property involved that would result in a hardship upon the owner as distinguished from a mere inconvenience or loss of revenue? NO
2. The conditions upon the requested variation is based applicable to other property within the same zoning classification. UNIQUE
3. Does the alleged difficulty or hardship been created by any person having interest in the property? NO
4. At the granting of the variation detrimentally effect the public welfare or injurious to other property or improvements in the neighborhood. NO
5. Will the proposed variation impair adequate supply of light or air to adjacent property or increase congestion in the public street or increase danger of fire or endanger of public safety or substantially diminish or impair property values? NO, modest increase in traffic.
6. Does the proposed variance comply with the spirit and intent of the ordinance? YES

Member Dierzen motioned and Member Friedrich seconded to grant the variance request with the following stipulations: pending approval from the State of Illinois IDOT in writing.

VOTE:	Bark	YES	Dierzen	YES
	Friedrich	YES	Scholtes	YES
	Stees	YES	Ford	YES

**PETITIONS**

**Petitions 23-32 and 23-33 Alan Drake on Behalf of Grainco FS, Inc (Property Owner) and Andrew and Robert Schwartz on Behalf of A.B. Schwartz, LLC (Contractor Purchaser)**

Mr. Asselmeier summarized the request.

A.B. Schwartz, LLC would like an amendment to the Future Land Use Map contained in the Land Resource Management Plan for approximately nineteen point eight more or less (19.8 +/-) acres located on the west side of Route 47 addressed as 8115 Route 47. If the change to the Future Land Use Map is approved, the Petitioner would like to rezone the property to M-1 in order to operate a tile business, offices, warehouses, fuel storage, and other light industrial uses.

The application letter and pictures of the property were provided.

The property is located at 8115 Route 47, Yorkville.

The property is vacant and improved commercial.

Two (2) of the parcels are zoned A-1 and three (3) of the parcels are zoned A-1 with special use permits.

The County's plan calls for the property to be Transportation Corridor.

Yorkville's plan calls for the property to be Agricultural.

Route 47 is a State maintained arterial road.

There are no trails planned in this area.

There are no floodplains or wetlands on the property.

The adjacent land uses are Improved Commercial, Agricultural, Farmstead, and Transportation/Community/Utility (IDOT Yard).

The adjacent properties are zoned A-1 and B-3 in the County and R-2 and R-3 in Yorkville.

The County's plan calls for the area to be Transportation Corridor, Commercial, and Rural Residential (Max 0.65 DU/Acre).

Yorkville's plan calls for the area to be Estate/Conservation Residential, and Agricultural.

Properties within one point five (1.5) miles were zoned A-1, A-1SU, R-1, R-3, and B-3 in the County and R-2, R-3, B-1, and B-3 inside Yorkville.

The A-1 special use permits to the south are for a church, an illuminated sign, and a cemetery.

EcoCAT Report submitted and consultation was terminated.

The application for NRI was submitted on November 12, 2023.

Petition information was sent to Kendall Township on November 17, 2023. At their meeting on November 21, 2023, the Kendall Township Planning Commission recommended approval of the request. The Kendall Township Board was still reviewing the proposal.

Petition information was sent to the United City of Yorkville on November 17, 2023. Yorkville plans to review the proposal in January 2024.

Petition information was sent to the Bristol-Kendall Fire Protection District on November 17, 2023. No comments received.

The portions of the property identified by parcel identification numbers 05-09-300-007, 05-16-100-004, and 05-16-100-020 were originally rezoned to M-1 in 1966 by Ordinance 1966-08. These properties were rezoned back to A-1 and granted a special use permit during the County-wide rezoning in 1974. A special use permit was granted at these properties to expand the gas facilities in 1979 by Ordinance 1979-20. A special use permit for an illuminated sign was granted at the property in 1998 by Ordinance 1998-09. Ordinances 1966-08, 1979-20, and 1998-09 were provided.

In addition to the various zoning actions previously mentioned, the portion of the property identified by parcel identification number 05-16-100-020 was granted variances in 1997 for a reduction of the front yard setback by twenty feet (20') for a canopy and fuel pumps and a ten foot (10') front yard setback reduction for post placement. The information for this variance was provided.

Those portions of the property identified by parcel identification numbers 05-16-100-003 and 05-09-300-006 appear to have always been zoned A-1.

Per the site plan, there are seven (7) buildings presently located on the property. Any new buildings, expansion of existing buildings, or remodeling of these buildings would require applicable building permits and the work would be required to meet applicable building codes. The Petitioners indicate that no new buildings are planned at this time. Any structures or uses that encroach into required setbacks would be considered lawfully non-conforming. Any changes to site, such as new buildings or expanded parking areas, would trigger site plan review and approval under the Zoning Ordinance.

The site is serviced by a well and septic. There is electricity onsite. There are several LP tanks onsite.

The property fronts Route 47 and has two (2) access points off of Route 47. Deceleration lanes exist at both entrances on Route 47.

The site plan shows several gravel and asphalt areas. No dedicated parking spaces appear onsite. Any new parking lots would have to meet applicable regulations.

Based on the proposed uses, no new odors are foreseen. The owners of the property would have to follow applicable odor control regulations based on potential other future M-1 allowable uses.

The site plan shows one (1) light pole and there are some existing lights on several of the buildings.

The amount of lighting could expand on the property if they install a larger parking lot or if different uses move onto the property.

No changes to the landscaping or property screening are proposed.

If improvements are made to the site in the future, landscaping and screening would be required as part of site plan review.

Any signage would have to meet applicable regulations and secure permits.

Based on the proposed uses, no new noise issues are foreseen. The owners of the property would have to follow applicable noise control regulations based on potential other future M-1 allowable uses.

The site plan shows two (2) stormwater inlets.

Since no new buildings or impervious surfaces were proposed, a stormwater permit was not required. However, if additional buildings or impervious surfaces are added to the site in the future, stormwater permits could be required at that time.

The proposed Findings of Fact were as follows:

Existing uses of property within the general area of the property in question. The surrounding properties are used for agricultural purposes, larger lot single-family residential uses, Illinois Department of Transportation storage yard, and vacant commercial space that might seek rezoning to industrial in the future.

The Zoning classification of property within the general area of the property in question. The surrounding properties are zoned A-1 and B-3 in the unincorporated area and R-2 and R-3 inside the United City of Yorkville.

The suitability of the property in question for the uses permitted under the existing zoning classification. The Petitioners propose to use the property for more light industrial type uses that are not allowed in the A-1 Agricultural Zoning District.

The trend of development, if any, in the general area of the property in question, including changes, if any, which may have taken place since the day the property in question was in its present zoning classification. The Zoning Board of Appeals shall not recommend the adoption of a proposed amendment unless it finds that the adoption of such an amendment is in the public interest and is not solely for the interest of the applicant. The Zoning Board of Appeals may recommend the adoption of an amendment changing the zoning classification of the property in question to any higher classification than that requested by the applicant. For the purpose of this paragraph the R-1 District shall be considered the highest classification and the M-2 District shall be considered the lowest classification. The trend of development in the area is a mix of agricultural, storage and warehousing, and other light industrial type uses.

Consistency with the purpose and objectives of the Land Resource Management Plan and other adopted County or municipal plans and policies. The Future Land Use Map in the Land Resource Management Plan classifies this property as Transportation Corridor. The United City of Yorkville's Plan calls for the property to be Agricultural. The Petitioners are also pursuing a change to the County's Future Land Use Map to Mixed Use Business. If this change is approved, then the requested map amendment would be consistent with the County's Land Resource Management Plan.

If the requested amendment to the Future Land Use Map in the Land Resource Management Plan reclassifying this property as Mixed Use Business is approved, Staff recommended approval of the proposed map amendment.

According to the definition of Transportation Corridor found on page 7-36 of the Land Resource Management Plan, this type of land use would be associated with the B-5 Business Planned Development District, B-6 Office and Research Park District, and limited B-3 Highway Business District.

The proposed tile business, offices, warehouses, fuel storage, and other light industrial uses would more applicably fit on properties zoned M-1, which more closely corresponds to the Mixed Use Business classification.

If the request is granted, the adjacent properties on the west side of Route 47 (the former Aux Sable Building and the Illinois Department of Transportation yard) could submit the same reclassification request in the future. The types of uses of those buildings and properties could also fit into the Mixed Use Business classification.

Staff recommended approval of the requested amendment and, if the requested amendment to the Future Land Use Map in the Land Resource Management Plan reclassifying this property as Mixed Use Business was approved, Staff recommended approval of the proposed map amendment.

Mr. Rybski said that the septic system was installed in 2008 and designed for fifteen (15) employees. Dan Kramer, Attorney for the Petitioner, said that the proposed uses would have less people onsite.

Mr. Kramer said that the conservation designation in Yorkville's plan was a placeholder.

Mr. Klaas asked if the Illinois Department of Transportation had acquired additional right-of-way at this property. Mr. Kramer responded no as it related to the subject property.

No additional access was planned for the property.

Chairman Wormley expressed his support for the project.

Mr. Klaas made a motion, seconded by Mr. Rybski, to recommend approval of the reclassification and map amendment.

The votes were follows:

Ayes (7): Asselmeier, Guritz, Klaas, Holdiman, Langston, Rybski, and Wormley

Nays (0): None

Abstain (0): None

Absent (3): Briganti, Chismark, and Olson

The motion passed.

The proposals go to the Kendall County Regional Planning Commission on December 13, 2023.

**PUBLIC COMMENT**

None

**ADJOURNMENT**

Mr. Guritz made a motion, seconded by Mr. Rybski, to adjourn.

With a voice vote of seven (7) ayes, the motion carried.

The ZPAC, at 9:16 a.m., adjourned.
