

MINUTES – UNOFFICIAL UNTIL APPROVED
KENDALL COUNTY
ZONING BOARD OF APPEALS MEETING
111 WEST FOX STREET, COUNTY BOARD ROOM (ROOMS 209 and 210)
YORKVILLE, IL 60560
December 18, 2023 – 7:00 p.m.

CALL TO ORDER

Chairman Randy Mohr called the Zoning Board of Appeals meeting to order at 7:02 p.m.

ROLL CALL:

Members Present: Scott Cherry, Cliff Fox, Tom LeCuyer, Randy Mohr, Jillian Prodehl, Dick Thompson, and Dick Whitfield

Members Absent: None

Staff Present: Matthew Asselmeier, AICP, CFM, Director and Wanda Rolf, Administrative Assistant

Others Present: Dan Kramer, Andrew Schwartz, Robert Schwartz, and Steve Grebner

MINUTES:

Member LeCuyer made a motion, seconded by Member Whitfield, to approve the minutes of the October 30, 2023, hearing/meeting.

With a voice vote of seven (7) ayes, the motion carried.

PETITIONS

The Zoning Board of Appeals started their review of Petitions 23-32 and 23-33 at 7:03 p.m.

Petition 23 – 32 – Alan Drake on Behalf of Grainco FS, Inc (Property Owner) and Andrew and Robert Schwartz on Behalf of A.B. Schwartz, LLC (Contractor Purchaser)

Request: Amendment to the Future Land Use Map in the Land Resource Management Plan Reclassifying the Subject Parcels from Transportation Corridor to Mixed Use Business

PINs: 05-09-300-006, 05-09-300-007, 05-16-100-003, 05-16-100-004, and 05-16-100-020

Location: 8115 Route 47, Yorkville, in Kendall Township

Purpose: Petitioners Wish to Rezone the Property to M-1 in Order to Operate a Tile Business, Offices, Warehouses, Fuel Storage, and Other Light Industrial Uses; Property is Zoned A-1 and A-1 with Special Use Permits

Petition 23 – 33 – Alan Drake on Behalf of Grainco FS, Inc (Property Owner) and Andrew and Robert Schwartz on Behalf of A.B. Schwartz, LLC (Contractor Purchaser)

Request: Map Amendment Rezoning the Subject Parcels from A-1 Agricultural District and A-1 Agricultural with Special Use Permits to M-1 Limited Manufacturing District

PINs: 05-09-300-006, 05-09-300-007, 05-16-100-003, 05-16-100-004, and 05-16-100-020

Location: 8115 Route 47, Yorkville, in Kendall Township

Purpose: Petitioners Wish to Rezone the Property to M-1 in Order to Operate a Tile Business, Offices, Warehouses, Fuel Storage, and Other Light Industrial Uses; Property is Zoned A-1 and A-1 with Special Use Permits

Mr. Asselmeier summarized the request.

A.B. Schwartz, LLC would like an amendment to the Future Land Use Map contained in the Land Resource Management Plan for approximately nineteen point eight more or less (19.8 +/-) acres located on the west side of Route 47 addressed as 8115 Route 47. If the change to the Future Land Use Map is approved, the Petitioner would like to rezone the property to M-1 in order to operate a tile business, offices, warehouses, fuel storage, and other light industrial uses.

The application letter and pictures of the property were provided.

The property is located at 8115 Route 47, Yorkville.

The property is vacant and improved commercial.

Two (2) of the parcels are zoned A-1 and three (3) of the parcels are zoned A-1 with special use permits.

The County's plan calls for the property to be Transportation Corridor.

Yorkville's plan calls for the property to be Agricultural.

Route 47 is a State maintained arterial road.

There are no trails planned in this area.

There are no floodplains or wetlands on the property.

The adjacent land uses are Improved Commercial, Agricultural, Farmstead, and Transportation/Community/Utility (IDOT Yard).

The adjacent properties are zoned A-1 and B-3 in the County and R-2 and R-3 in Yorkville.

The County's plan calls for the area to be Transportation Corridor, Commercial, and Rural Residential (Max 0.65 DU/Acre).

Yorkville's plan calls for the area to be Estate/Conservation Residential, and Agricultural.

Properties within one point five (1.5) miles were zoned A-1, A-1SU, R-1, R-3, and B-3 in the County and R-2, R-3, B-1, and B-3 inside Yorkville.

The A-1 special use permits to the south are for a church, an illuminated sign, and a cemetery.

Petition information was sent to Kendall Township on November 17, 2023. At their meeting on November 21, 2023, the Kendall Township Planning Commission recommended approval of the requests. The Kendall Township Board was still reviewing the proposals.

Petition information was sent to the United City of Yorkville on November 17, 2023. Yorkville plans to review the proposals in January 2024.

Petition information was sent to the Bristol-Kendall Fire Protection District on November 17, 2023. No comments received.

ZPAC reviewed the proposal at their meeting on December 5, 2023. It was noted that the septic system was designed for a maximum fifteen (15) people. The Petitioner's Attorney indicated that fewer people will be on the property compared to the number of people onsite for previous uses. The Illinois Department of Transportation had not been in negotiations with the property owners related to land acquisition for right-of-way expansion. With two (2) access points, the property possessed good access onto Route 47. ZPAC recommended approval of both proposals by a vote of seven (7) in favor and zero (0) in opposition with three (3) members absent. The minutes of the meeting were provided.

The Kendall County Regional Planning Commission held a public hearing on this proposal on December 13, 2023. Other than the Petitioner's Attorney, nobody from the public testified at the public hearing. He explained the proposed land transaction and proposed uses at the property. He also believed the reclassification and rezoning more closely matches the uses in the area. Discussion occurred about reclassifying and rezoning other non-agricultural properties in the area. It was the Petitioner's Attorney's understanding that underground fuel tanks had been removed. Discussion occurred regarding obtaining an A-1 special use instead of a map amendment; Commissioners reviewed the list of allowable uses in the M-1. It was noted that most of the more objectionable uses in the M-1 have to occur entirely indoors. Discussion occurred about possible annexations to Yorkville; annexations were considered doubtful. Future buildings would be based on market demand. Site development, including stormwater development, would be reviewed when the site is altered. The existing fuel tanks will remain. The Kendall County Regional Planning Commission recommended approval of both proposals by a vote of seven (7) in favor and zero (0) in opposition with three (3) members absent. The minutes of the hearing were provided.

The portions of the property identified by parcel identification numbers 05-09-300-007, 05-16-100-004, and 05-16-100-020 were originally rezoned to M-1 in 1966 by Ordinance 1966-08. These properties were rezoned back to A-1 and granted a special use permit during the County-wide rezoning in 1974. A special use permit was granted at these properties to expand the gas facilities in 1979 by Ordinance 1979-20. A special use permit for an illuminated sign was granted at the property in 1998 by Ordinance 1998-09. Ordinances 1966-08, 1979-20, and 1998-09 were provided.

In addition to the various zoning actions previously mentioned, the portion of the property identified by parcel identification number 05-16-100-020 was granted variances in 1997 for a reduction of the front

yard setback by twenty feet (20') for a canopy and fuel pumps and a ten foot (10') front yard setback reduction for post placement. The information for this variance was provided.

Those portions of the property identified by parcel identification numbers 05-16-100-003 and 05-09-300-006 appear to have always been zoned A-1.

According to the definition of Transportation Corridor found on page 7-36 of the Land Resource Management Plan, this type of land use would be associated with the B-5 Business Planned Development District, B-6 Office and Research Park District, and limited B-3 Highway Business District.

The proposed tile business, offices, warehouses, fuel storage, and other light industrial uses would more applicably fit on properties zoned M-1, which more closely corresponds to the Mixed Use Business classification.

If the request is granted, the adjacent properties on the west side of Route 47 (the former Aux Sable Building and the Illinois Department of Transportation yard) could submit the same reclassification request in the future. The types of uses of those buildings and properties could also fit into the Mixed Use Business classification.

EcoCAT Report submitted and consultation was terminated.

The application for NRI was submitted on November 12, 2023. The LESA Score was 184 indicating a low level of protection. The NRI Report was provided.

Per the site plan, there are seven (7) buildings presently located on the property. Any new buildings, expansion of existing buildings, or remodeling of these buildings would require applicable building permits and the work would be required to meet applicable building codes. The Petitioners indicate that no new buildings are planned at this time. Any structures or uses that encroach into required setbacks would be considered lawfully non-conforming. Any changes to site, such as new buildings or expanded parking areas, would trigger site plan review and approval under the Zoning Ordinance.

The site is serviced by a well and septic. There is electricity onsite. There are several LP tanks onsite.

The property fronts Route 47 and has two (2) access points off of Route 47. Deceleration lanes exist at both entrances on Route 47.

The site plan shows several gravel and asphalt areas. No dedicated parking spaces appear onsite. Any new parking lots would have to meet applicable regulations.

Based on the proposed uses, no new odors are foreseen. The owners of the property would have to follow applicable odor control regulations based on potential other future M-1 allowable uses.

The site plan shows one (1) light pole and there are some existing lights on several of the buildings.

The amount of lighting could expand on the property if they install a larger parking lot or if different uses move onto the property.

No changes to the landscaping or property screening are proposed.

If improvements are made to the site in the future, landscaping and screening would be required as part of site plan review.

Any signage would have to meet applicable regulations and secure permits.

Based on the proposed uses, no new noise issues are foreseen. The owners of the property would have to follow applicable noise control regulations based on potential other future M-1 allowable uses.

The site plan shows two (2) stormwater inlets.

Since no new buildings or impervious surfaces were proposed, a stormwater permit was not required. However, if additional buildings or impervious surfaces are added to the site in the future, stormwater permits could be required at that time.

The proposed Findings of Fact were as follows:

Existing uses of property within the general area of the property in question. The surrounding properties are used for agricultural purposes, larger lot single-family residential uses, Illinois Department of Transportation storage yard, and vacant commercial space that might seek rezoning to industrial in the future.

The Zoning classification of property within the general area of the property in question. The surrounding properties are zoned A-1 and B-3 in the unincorporated area and R-2 and R-3 inside the United City of Yorkville.

The suitability of the property in question for the uses permitted under the existing zoning classification. The Petitioners propose to use the property for more light industrial type uses that are not allowed in the A-1 Agricultural Zoning District.

The trend of development, if any, in the general area of the property in question, including changes, if any, which may have taken place since the day the property in question was in its present zoning classification. The Zoning Board of Appeals shall not recommend the adoption of a proposed amendment unless it finds that the adoption of such an amendment is in the public interest and is not solely for the interest of the applicant. The Zoning Board of Appeals may recommend the adoption of an amendment changing the zoning classification of the property in question to any higher classification than that requested by the applicant. For the purpose of this paragraph the R-1 District shall be considered the highest classification and the M-2 District shall be considered the lowest classification. The trend of development in the area is a mix of agricultural, storage and warehousing, and other light industrial type uses.

Consistency with the purpose and objectives of the Land Resource Management Plan and other adopted County or municipal plans and policies. The Future Land Use Map in the Land Resource Management Plan classifies this property as Transportation Corridor. The United City of Yorkville's Plan

calls for the property to be Agricultural. The Petitioners are also pursuing a change to the County's Future Land Use Map to Mixed Use Business. If this change is approved, then the requested map amendment would be consistent with the County's Land Resource Management Plan.

Staff recommended approval of the requested amendment to the Future Land Use Map.

If the requested amendment to the Future Land Use Map in the Land Resource Management Plan reclassifying this property as Mixed Use Business is approved, Staff also recommended approval of the proposed map amendment.

Chairman Mohr opened the public hearing at 7:12 p.m.

Chairman Mohr swore in Dan Kramer, Andrew Schwartz, Robert Schwartz, and Steve Grebner.

Dan Kramer, Attorney for the Petitioners, stated that GrainCo is going to remain as a tenant for their LP and some of their gas businesses for home delivery. There are some empty buildings on the property; the new owners have the opportunity to rent these buildings. Mr. Kramer stated that the Petitioners are requesting that future land use be changed to Mixed Use Business. Currently the property is classified as Transportation Corridor and zoned A-1 Agricultural. The surrounding businesses might submit the same reclassification request in the future. No changes are being made at this time to the property or existing buildings.

Member Thompson asked if the proposed business was a field tile business. Mr. Kramer responded that yes, the proposed business is a field tile business. The current owner has been doing this for many years and has quite a bit of experience in this field.

Steve Grebner, Clerk for Kendall Township asked about the future land use map change. Mr. Asselmeier stated that, since the tiling is not allowed in the B-3 zoning district, the only option was to rezone to M-1 and the Petitioners couldn't rezone to M-1 and be consistent with the comprehensive plan unless they asked for the reclassification.

Mr. Grebner asked what does lawfully nonconforming mean. Mr. Asselmeier responded it's the legal way of saying something is grandfathered. A use that is presently on site is allowed to continue operations "as is" and unchanged. An owner cannot expand the existing use even though the property is going to be zoned something other than A-1. If something wasn't allowed to be in M-1, but they were doing it on the property now, they could continue to do it in the M-1. The Zoning Ordinance says that if a use is outdoors and is discontinued for a period of six (6) months they have to cease it permanently. If the use is indoors, the discontinuing period is one (1) year. The same rules apply if there is a natural disaster or a fire.

Mr. Grebner asked if the fuel usage is lawfully nonconforming with M-1 with the LP and propane. Mr. Asselmeier responded that they might need a Special Use Permit. They don't need to secure a special use permit unless they wanted to expand.

Mr. Grebner asked about the rental space and supervision oversight. Mr. Asselmeier stated they need a change of occupancy permit. The Code Official inspects the property and he checks to see if the use is a valid use under the Zoning Ordinance. If the party renting wants to make changes to the building, then they have to come to the County for site plan review; anything zoned M-1 has to have site plan approval from ZPAC.

Chairman Mohr adjourned public hearing at 7:25 p.m.

Member Thompson made a motion, seconded by Member Fox, to approve the findings of fact.

The votes were as follows:

Ayes (7): Thompson, Whitfield, Cherry, Fox, LeCuyer, Mohr, and Prodehl
Nays (0): None
Abstain (0): None
Absent (0): None

The motion passed.

Chairman Mohr asked for a motion to approve Petition 23-32 and Petition 23-33.

Member LeCuyer made a motion, seconded by Member Cherry, to recommend approval of the reclassification and map amendment.

The votes were as follows:

Ayes (7): LeCuyer, Mohr, Prodehl, Thompson, Whitfield, Cherry, and Fox.
Nays (0): None
Abstain (0): None
Absent (0): None

The motion passed.

These proposals will go to the Planning, Building and Zoning Committee on February 13, 2024.

The Zoning Board of Appeals completed their review of Petitions 23-32 and 23-33 at 7:24 p.m.

NEW BUSINESS/OLD BUSINESS

None

REVIEW OF PETITIONS THAT WENT TO PLANNING BUILDING AND ZONING

Mr. Asselmeier reported that Petition 23-26, the special use permit at 1270 Beecher Road, was approved at the County Board. The host agreement was approved and the owner was given two (2) years to move the materials that were on the property to the east without paying the tipping fee.

PUBLIC COMMENTS

None

ADJOURNMENT OF THE ZONING BOARD OF APPEALS

Member LeCuyer made a motion, seconded by Member Fox, to adjourn.

With a voice vote of seven (7) ayes, the motion carried.

The Zoning Board of Appeals meeting adjourned at 7:27 p.m.

The next regularly scheduled meeting/hearing will be on January 29, 2024.

Respectfully submitted by,
Wanda A. Rolf
Administrative Assistant

Petition 23-33

**Alan Drake on Behalf of Grainco FS, Inc. (Current Owner) and
Andrew and Robert Schwartz on Behalf of A.B. Schwartz, LLC
(Contract Purchaser) Map Amendment Rezoning from A-1 and
A-1 SU to M-1**

INTRODUCTION

A.B. Schwartz, LLC would like a map amendment rezoning approximately nineteen point eight more or less (19.8 +/-) acres located on the west side of Route 47 addressed as 8115 Route 47 from A-1 Agricultural District and A-1 SU to M-1 Limited Manufacturing District in order to operate a tile business, offices, warehouses, fuel storage, and other light industrial uses.

The application materials are included as Attachment 1. Pictures of the property are included as Attachments 2-8.

The amendment to the Future Land Use Map is a separate petition (Petition 23-32).

PHYSICAL DATA

ENDANGERED SPECIES REPORT

EcoCAT Report submitted and consultation was terminated (see Attachment 1, Pages 18-20).

NATURAL RESOURCES INVENTORY

The application for NRI was submitted on November 12, 2023 (see Attachment 1, Page 17). The LESA Score was 184 indicating a low level of protection. The NRI Report was included as Attachment 14

ACTION SUMMARY

KENDALL TOWNSHIP

Petition information was sent to Kendall Township on November 17, 2023. At their meeting on November 21, 2023, the Kendall Township Planning Commission recommended approval of the request. The Kendall Township Board was still reviewing the proposal.

UNITED CITY OF YORKVILLE

Petition information was sent to the United City of Yorkville on November 17, 2023. Yorkville plans to review the proposal in January 2024.

BRISTOL-KENDALL FIRE PROTECTION DISTRICT

Petition information was sent to the Bristol-Kendall Fire Protection District on November 17, 2023.

ZPAC

ZPAC reviewed the proposal at their meeting on December 5, 2023. It was noted that the septic system was designed for a maximum fifteen (15) people. The Petitioner’s Attorney indicated that fewer people will be on the property compared to the number of people onsite for previous uses. The Illinois Department of Transportation had not been in negotiations with the property owners related to land acquisition for right-of-way expansion. With two (2) access points, the property possessed good access onto Route 47. ZPAC recommended approval of the proposal by a vote of seven (7) in favor and zero (0) in opposition with three (3) members absent. The minutes of the meeting were included as Attachment 13.

RPC

The Kendall County Regional Planning Commission reviewed this proposal at their meeting on December 13, 2023. Future buildings would be based on market demand. Site development, including stormwater development, would be reviewed when the site is altered. The existing fuel tanks will remain. The Kendall County Regional Planning Commission recommended approval of the proposal by a vote of seven (7) in favor and zero (0) in opposition with three (3) members absent. The minutes of the meeting were included as Attachment 15.

GENERAL INFORMATION

The portions of the property identified by parcel identification numbers 05-09-300-007, 05-16-100-004, and 05-16-100-020 were originally rezoned to M-1 in 1966 by Ordinance 1966-08. These properties were rezoned back to A-1 and granted a special use permit during the County-wide rezoning in 1974. A special use permit was granted at these properties to expand the gas facilities in 1979 by Ordinance 1979-20. A special use permit for an illuminated sign was granted at the property in 1998 by Ordinance 1998-09. Ordinances 1966-08, 1979-20, and 1998-09 are included as Attachments 9-11.

In addition to the various zoning actions previously mentioned, the portion of the property identified by parcel identification number 05-16-100-020 was granted variances in 1997 for a reduction of the front yard setback by twenty feet (20') for a canopy and fuel pumps and a ten foot (10') front yard setback reduction for post placement. The information for this variance is included as Attachment 12.

Those portions of the property identified by parcel identification numbers 05-16-100-003 and 05-09-300-006 appear to have always been zoned A-1.

BUILDING CODES

Per the site plan (Attachment 1, Page 21), there are seven (7) buildings presently located on the property. Any new buildings, expansion of existing buildings, or remodeling of these buildings would require applicable building permits and the work would be required to meet applicable building codes. The Petitioners indicate that no new buildings are planned at this time. Any structures or uses that encroach into required setbacks would be considered lawfully non-conforming. Any changes to site, such as new buildings or expanded parking areas, would trigger site plan review and approval under the Zoning Ordinance.

UTILITIES

The site is serviced by a well and septic. There is electricity onsite. There are several LP tanks onsite.

ACCESS

The property fronts Route 47 and has two (2) access points off of Route 47. Deceleration lanes exist at both entrances on Route 47.

PARKING AND INTERNAL TRAFFIC CIRCULATION

The site plan shows several gravel and asphalt areas. No dedicated parking spaces appear onsite. Any new parking lots would have to meet applicable regulations.

ODORS

Based on the proposed uses, no new odors are foreseen. The owners of the property would have to follow applicable odor control regulations based on potential other future M-1 allowable uses.

LIGHTING

The site plan shows one (1) light pole and there are some existing lights on several of the buildings.

The amount of lighting could expand on the property if they install a larger parking lot or if different uses move onto the property.

LANDSCAPING AND SCREENING

No changes to the landscaping or property screening are proposed.

If improvements are made to the site in the future, landscaping and screening would be required as part of site plan review.

SIGNAGE

Any signage would have to meet applicable regulations and secure permits.

NOISE CONTROL

Based on the proposed uses, no new noise issues are foreseen. The owners of the property would have to follow applicable noise control regulations based on potential other future M-1 allowable uses.

STORMWATER

The site plan shows two (2) stormwater inlets.

Since no new buildings or impervious surfaces were proposed, a stormwater permit was not required. However, if additional buildings or impervious surfaces are added to the site in the future, stormwater permits could be required at that time.

FINDINGS OF FACT

§13:07.F of the Zoning Ordinance outlines findings that the Zoning Board of Appeals must make in order to recommend in favor of the applicant on map amendment applications. They are listed below in *italics*. Staff has provided findings in **bold** below based on the recommendation:

*Existing uses of property within the general area of the property in question. **The surrounding properties are used for agricultural purposes, larger lot single-family residential uses, Illinois Department of Transportation storage yard, and vacant commercial space that might seek rezoning to industrial in the future.***

*The Zoning classification of property within the general area of the property in question. **The surrounding properties are zoned A-1 and B-3 in the unincorporated area and R-2 and R-3 inside the United City of Yorkville.***

*The suitability of the property in question for the uses permitted under the existing zoning classification. **The Petitioners propose to use the property for more light industrial type uses that are not allowed in the A-1 Agricultural Zoning District.***

*The trend of development, if any, in the general area of the property in question, including changes, if any, which may have taken place since the day the property in question was in its present zoning classification. **The Zoning Board of Appeals shall not recommend the adoption of a proposed amendment unless it finds that the adoption of such an amendment is in the public interest and is not solely for the interest of the applicant. The Zoning Board of Appeals may recommend the adoption of an amendment changing the zoning classification of the property in question to any higher classification than that requested by the applicant. For the purpose of this paragraph the R-1 District shall be considered the highest classification and the M-2 District shall be considered the lowest classification. The trend of development in the area is a mix of agricultural, storage and warehousing, and other light industrial type uses.***

*Consistency with the purpose and objectives of the Land Resource Management Plan and other adopted County or municipal plans and policies. **The Future Land Use Map in the Land Resource Management Plan classifies this property as Transportation Corridor. The United City of Yorkville's Plan calls for the property to be Agricultural. The Petitioners are also pursuing a change to the County's Future Land Use Map to Mixed Use Business. If this change is approved, then the requested map amendment would be consistent with the County's Land Resource Management Plan.***

RECOMMENDATION

If the requested amendment to the Future Land Use Map in the Land Resource Management Plan reclassifying this property as Mixed Use Business is approved, Staff recommends approval of the proposed map amendment.

1. The surrounding and neighboring uses of the subject real property are consistent with the propose use of the Zoning Applicant/Contract Purchaser. Grainco F.S. and its predecessor in title used the subject site for years for fuel and ammonia storage, for retail and wholesale agricultural feed and agricultural supply sales, car/truck repair shop for farm equipment, semi tractors and trailers and automobiles. Usage of applicant is going to be primarily for a tile business but they do anticipate leasing out some of the buildings on-site for various construction businesses that could use the same type of building and usage previously undertaken by Grainco F.S. and its predecessors in title.
2. The uses in the area are similar and include A-1 Agricultural, B3 Highway, A-1 Special Use, the current IDOT Facility that I do not believe has any special zoning but is certainly an M-1 type of use with salt storage, storage of heavy machinery and construction equipment.
3. The property is suitable for the existing and requested uses of the Applicants. The difference is that currently the property has as an A-1 Special Use Zoning that is totally in relation Agricultural uses including the facility having been used for fuel storage, ammonia storage, farm vehicles, outdoor equipment storage, and truck and tractor repair inside the main building. It further served as a retail and wholesale outlet for agricultural input products, animal feed, and pet feed related products.

Applicants anticipate renting some of the existing buildings for inside storage of construction equipment and construction offices which require an M-1 Zoning.

4. The trend of development in the area is towards business, commercial, and transportation uses and has not generated any type of retail use currently.
5. The project is consistent with the Kendall County Land Resource Management Plan which encourages commercial and manufacturing uses on all weather highways with good transportation access which squarely is on point with Illinois Route 47. The proposed and existing uses conform to the other uses in the area. The applicants fully intends to comply with all Kendall County Zoning Ordinances and Regulations.

Petitioners are seeking a change in zoning from A1 Special Use to M-1 for the operation of a tile business, constructions business, storage of existing LP tanks and related uses under M-1 Zoning

LEGAL DESCRIPTION:

That Part of the West Half of Section 9 and that Part of the Northwest Quarter of Section 16, Township 36 North, Range 7 East of the Third Principal Meridian described as follows: Commencing at the Northeast Corner of said Section 16; thence Westerly, along the Northerly Line of said Section, 2672.0 feet to the tangent center line of Illinois State Route No. 47, extended from the South; thence South 00°00'00" East, along said tangent center line and said tangent center line extended, 869.22 feet; thence South 89°34'04" West, 615.0 feet for the point of beginning; thence North 24°54'19" West, 1015.92 feet; thence North 65°13'06" East, 942.72 feet to the Westerly Right of Way Line of said State Route No. 47, being 40 feet normally distant, Southwesterly from the center line of said Route; thence Southeasterly, along said Westerly Right of Way Line, being a curve to the right having a radius of 5344.41 feet, an arc distance of 1246.0 feet; thence South 00°00'00" East, along said Westerly Right of Way Line, being tangent to the last described curve at the last described point, 67.82 feet to a line drawn North 89°34'04" East from the point of beginning; thence South 89°34'04" West, 575.0 feet to the point of beginning;

LESS AND EXCEPT that portion of property conveyed to People of the State of Illinois, Department of Transportation from Kendall-Grundy F.S., Inc. by Warranty Deed dated May 29, 1990 and recorded July 9, 1990 in Deed Book 291, Page 269;

AND BEING a portion of the same property conveyed to Grainco FS, Inc. successor by virtue of merger with Kendall-Grundy FS, Inc., formerly Kendall Farmers Oil Company who acquired title from Robert A. Dhuse and Carol V. Dhuse by Deed dated December 2, 1974 and recorded December 2, 1974 in Instrument No. 74-5432.

Dallas C. Ingemanson, being duly sworn on oath,
states that he resides at Yorkville, Illinois

That the attached deed represents:

1. A distinct separate parcel on record prior to July 17, 1959.
2. A distinct separate parcel qualifying for a Kendall County building permit prior to August 10, 1971.
3. The division or subdivision of land into parcels or tracts of 5 acres or more in size which does not involve any new streets or easements of access.
4. The division of lots or blocks of less than 1 acre in any recorded subdivision which does not involve any new streets or easements of access.
5. The sale or exchange of parcels of land between owners of adjoining and contiguous land.
6. The conveyance of parcels of land or interest therein for use as right of way for railroads or other public utility facilities, which does not involve any new streets or easements of access.
7. The conveyance of land owned by a railroad or other public utility which does not involve any new streets or easements of access.
8. The conveyance of land for highway or other public purposes or grants or conveyances relating to the dedication of land for public use or instruments relating to the vacation of land impressed with a public use.
9. Conveyances made to correct descriptions in prior conveyances.
10. The sale or exchange of parcels or tracts of land existing on the date of the amendatory Act into no more than 2 parts and not involving any new streets or easements of access.
11. The sale of a single lot of less than 5 acres from a larger tract when a survey is made by a registered surveyor; provided, however, that this exemption shall not apply to the sale of any subsequent lots from the same larger tract of land.

CIRCLE NUMBER ABOVE WHICH IS APPLICABLE TO ATTACHED DEED.

AFFIANT further state that he makes this affidavit for the purpose of inducing the Recorder of Deeds of Kendall County, Illinois, to accept the attached deed for recording.

Natural Resource Review Results

Consultation for Endangered Species Protection and Natural Areas Preservation (Part 1075)

The Illinois Natural Heritage Database contains no record of State-listed threatened or endangered species, Illinois Natural Area Inventory sites, dedicated Illinois Nature Preserves, or registered Land and Water Reserves in the vicinity of the project location.

Consultation is terminated. This consultation is valid for two years unless new information becomes available that was not previously considered; the proposed action is modified; or additional species, essential habitat, or Natural Areas are identified in the vicinity. If the project has not been implemented within two years of the date of this letter, or any of the above listed conditions develop, a new consultation is necessary. Termination does not imply IDNR's authorization or endorsement.

Location

The applicant is responsible for the accuracy of the location submitted for the project.

ORDINANCE NUMBER 98-09

GRANTING SPECIAL USE ZONING PERMIT

KENDALL- GRUNDY F.S.

SIGN - 8115 IL ROUTE 47

WHEREAS, Larry Mattison, the operations manager and duly authorized agent for the Kendall-Grundy F.S. property at 8115 IL Route 47 in Section 16 of Kendall Township, filed a petition for special use approval of a sign; and

WHEREAS, said property is currently zoned A-1 Agricultural District with a Special Use in accordance with Ordinance 79-20, with tax parcel identification number 05-16-100-005, and is further identified on the attached Exhibit A: Legal Description; and

WHEREAS, said property and project site is further detailed on the attached Exhibit B: Plot Plan; and

WHEREAS, said property conducts motor fuel retail sales; and

WHEREAS, said petition is for an illuminated sign that would be two-sided, with face no greater than 36 square feet in area, and conforming to all other regulations, including the advertising the sale of products on the property; and

WHEREAS, said sign is further illustrated on the attached Exhibit C: Sign Dimensions; and

WHEREAS, all procedures required by the Kendall County Zoning Ordinance were followed including notice for public hearing, findings of fact, and recommendation by the Zoning Board of Appeals; and

WHEREAS, the Kendall County Board finds that said petition, along with the conditions specified in this ordinance, is in conformance with the provisions of the Kendall County Zoning Ordinance;

NOW, THEREFORE, BE IT ORDAINED, that the Kendall County Board hereby grants approval of a special use zoning permit to construct an illuminated sign on the property at 8115 IL Route 47 at the site specified on Exhibit B, and in the size and manner specified in Exhibit C, in conformance to the Kendall County Zoning Ordinance.

Failure to comply with the terms of this ordinance may be cited as a basis for amending or revoking this special use permit.

IN WITNESS OF, this ordinance has been enacted on June 16, 1998.

RE: Kendall - Grundy FS - Variation

An application for a variance from Section 7.0.D.1.A of the Kendall County Zoning Ordinance pursuant to Section 13.04.B.2 was submitted to the Kendall County Zoning Officer.

The applicant is requesting a variance of the front yard setback in the agricultural district.

After due notice as required by law, the Zoning Board of Appeals held a public hearing on Tuesday, July 29, 1997 at 7:00 p.m. in the Kendall County Board Room at 111 West Fox Street in Yorkville, Illinois.

At the hearing Mr. Manning explained a petition was received from the owner of the Kendall - Grundy Farm Service property for their facility located at 8115 So. Rt. 47, Kendall Township. The property currently has an A-1 Special Use. It was determined when that Special Use was established, that a petroleum service station and sales use of the property would be a permitted use. The petitioners would now like to establish and construct that on this property. They have submitted a site plan showing a pump island set back 90' from the right-of-way on Rt. 47 with an overhead canopy set back 80' from the right-of-way.

Mr. Manning stated he had received a letter from Andrew Sviria, an engineer for District 3 of IDOT. The letter contained IDOT's long range plan to shift the right-of-way for Rt. 47 and showed their drawing. The plan will shift the west right-of-way line another 20' west. When that occurs, it would put the canopy setback at 60'.

Dan Kramer, attorney, and Larry Matteson, FS manager, were sworn in by Chairman Ford. Mr. Kramer explained the current right-of-way is 120' (60' west and 60' east). He talked to Mr. Sviria and explained that the canopy would not be an enclosed building. Jason Poppen from IDOT called him and said the head engineer reviewed this and did not see a problem. Mr. Kramer asked for this to be put in writing as soon as possible. He said that when asking for a recommendation tonight, that the vote be contingent upon Mr. Manning receiving that letter withdrawing their objection.

Mr. Kramer entered petitioners exhibit #1 showing an aerial view of the property and pointed out the IDOT building is as close as the variance FS is asking for. (80' off the right-of-way line). FS plans on putting a two pump island in on this specific spot so there will be a wide enough swing area for the trucks.

This location is right next to the existing building which houses the computers and the cash register. There will be no additional buildings constructed. Mr. Kramer entered a color picture of the proposed canopy as exhibit #2. The canopy top will be 80' and will cover the two pumps north and south to the road. He is asking for a variance of 20' for the canopy and a 10' variance for the posts.

Mr. Manning questioned if there could not be other locations. Mr. Matteson explained why this location is the best in his opinion due to congestion and the loading docks. He said they will sell to the public both deisel and gas with the two pumps.

After testimony the Zoning Board made the following findings of fact: (13.04.A.2)

1. Are there particular physical surroundings, shape or topographical condition of the property involved that would result in a hardship upon the owner as distinguished from a mere inconvenience or loss of revenue? NO
2. The conditions upon the requested variation is based applicable to other property within the same zoning classification. UNIQUE
3. Does the alleged difficulty or hardship been created by any person having interest in the property? NO
4. At the granting of the variation detrimentally effect the public welfare or injurious to other property or improvements in the neighborhood. NO
5. Will the proposed variation impair adequate supply of light or air to adjacent property or increase congestion in the public street or increase danger of fire or endanger of public safety or substantially diminish or impair property values? NO, modest increase in traffic.
6. Does the proposed variance comply with the spirit and intent of the ordinance? YES

Member Dierzen motioned and Member Friedrich seconded to grant the variance request with the following stipulations: pending approval from the State of Illinois IDOT in writing.

VOTE:	Bark	YES	Dierzen	YES
	Friedrich	YES	Scholtes	YES
	Stees	YES	Ford	YES

MOTION CARRIED.

Chairman, Zoning Board of Appeals

**ZONING, PLATTING & ADVISORY COMMITTEE (ZPAC)
December 5, 2023 – Unapproved Meeting Minutes**

PBZ Chairman Seth Wormley called the meeting to order at 9:00 a.m.

Present:

Matt Asselmeier – PBZ Department
David Guritz – Forest Preserve
Brian Holdiman – PBZ Department
Fran Klaas – Highway Department
Commander Jason Langston – Sheriff's Department
Aaron Rybski – Health Department
Seth Wormley – PBZ Committee Chair

Absent:

Meagan Briganti – GIS Department
Greg Chismark – WBK Engineering, LLC
Alyse Olson – Soil and Water Conservation District

Audience:

Dan Kramer, Andrew Schwartz, and Robert Schwartz

PETITIONS

Petitions 23-32 and 23-33 Alan Drake on Behalf of Grainco FS, Inc (Property Owner) and Andrew and Robert Schwartz on Behalf of A.B. Schwartz, LLC (Contractor Purchaser)

Mr. Asselmeier summarized the request.

A.B. Schwartz, LLC would like an amendment to the Future Land Use Map contained in the Land Resource Management Plan for approximately nineteen point eight more or less (19.8 +/-) acres located on the west side of Route 47 addressed as 8115 Route 47. If the change to the Future Land Use Map is approved, the Petitioner would like to rezone the property to M-1 in order to operate a tile business, offices, warehouses, fuel storage, and other light industrial uses.

The application letter and pictures of the property were provided.

The property is located at 8115 Route 47, Yorkville.

The property is vacant and improved commercial.

Two (2) of the parcels are zoned A-1 and three (3) of the parcels are zoned A-1 with special use permits.

The County's plan calls for the property to be Transportation Corridor.

Yorkville's plan calls for the property to be Agricultural.

Route 47 is a State maintained arterial road.

There are no trails planned in this area.

There are no floodplains or wetlands on the property.

The adjacent land uses are Improved Commercial, Agricultural, Farmstead, and Transportation/Community/Utility (IDOT Yard).

The adjacent properties are zoned A-1 and B-3 in the County and R-2 and R-3 in Yorkville.

The County's plan calls for the area to be Transportation Corridor, Commercial, and Rural Residential (Max 0.65 DU/Acre).

Yorkville's plan calls for the area to be Estate/Conservation Residential, and Agricultural.

Properties within one point five (1.5) miles were zoned A-1, A-1SU, R-1, R-3, and B-3 in the County and R-2, R-3, B-1, and B-3 inside Yorkville.

The A-1 special use permits to the south are for a church, an illuminated sign, and a cemetery.

EcoCAT Report submitted and consultation was terminated.

The application for NRI was submitted on November 12, 2023.

Petition information was sent to Kendall Township on November 17, 2023. At their meeting on November 21, 2023, the Kendall Township Planning Commission recommended approval of the request. The Kendall Township Board was still reviewing the proposal.

Petition information was sent to the United City of Yorkville on November 17, 2023. Yorkville plans to review the proposal in January 2024.

Petition information was sent to the Bristol-Kendall Fire Protection District on November 17, 2023. No comments received.

The portions of the property identified by parcel identification numbers 05-09-300-007, 05-16-100-004, and 05-16-100-020 were originally rezoned to M-1 in 1966 by Ordinance 1966-08. These properties were rezoned back to A-1 and granted a special use permit during the County-wide rezoning in 1974. A special use permit was granted at these properties to expand the gas facilities in 1979 by Ordinance 1979-20. A special use permit for an illuminated sign was granted at the property in 1998 by Ordinance 1998-09. Ordinances 1966-08, 1979-20, and 1998-09 were provided.

In addition to the various zoning actions previously mentioned, the portion of the property identified by parcel identification number 05-16-100-020 was granted variances in 1997 for a reduction of the front yard setback by twenty feet (20') for a canopy and fuel pumps and a ten foot (10') front yard setback reduction for post placement. The information for this variance was provided.

Those portions of the property identified by parcel identification numbers 05-16-100-003 and 05-09-300-006 appear to have always been zoned A-1.

Per the site plan, there are seven (7) buildings presently located on the property. Any new buildings, expansion of existing buildings, or remodeling of these buildings would require applicable building permits and the work would be required to meet applicable building codes. The Petitioners indicate that no new buildings are planned at this time. Any structures or uses that encroach into required setbacks would be considered lawfully non-conforming. Any changes to site, such as new buildings or expanded parking areas, would trigger site plan review and approval under the Zoning Ordinance.

The site is serviced by a well and septic. There is electricity onsite. There are several LP tanks onsite.

The property fronts Route 47 and has two (2) access points off of Route 47. Deceleration lanes exist at both entrances on Route 47.

The site plan shows several gravel and asphalt areas. No dedicated parking spaces appear onsite. Any new parking lots would have to meet applicable regulations.

Based on the proposed uses, no new odors are foreseen. The owners of the property would have to follow applicable odor control regulations based on potential other future M-1 allowable uses.

The site plan shows one (1) light pole and there are some existing lights on several of the buildings.

The amount of lighting could expand on the property if they install a larger parking lot or if different uses move onto the property.

No changes to the landscaping or property screening are proposed.

If improvements are made to the site in the future, landscaping and screening would be required as part of site plan review.

Any signage would have to meet applicable regulations and secure permits.

Based on the proposed uses, no new noise issues are foreseen. The owners of the property would have to follow applicable noise control regulations based on potential other future M-1 allowable uses.

The site plan shows two (2) stormwater inlets.

Since no new buildings or impervious surfaces were proposed, a stormwater permit was not required. However, if additional buildings or impervious surfaces are added to the site in the future, stormwater permits could be required at that time.

The proposed Findings of Fact were as follows:

Existing uses of property within the general area of the property in question. The surrounding properties are used for agricultural purposes, larger lot single-family residential uses, Illinois Department of Transportation storage yard, and vacant commercial space that might seek rezoning to industrial in the future.

The Zoning classification of property within the general area of the property in question. The surrounding properties are zoned A-1 and B-3 in the unincorporated area and R-2 and R-3 inside the United City of Yorkville.

The suitability of the property in question for the uses permitted under the existing zoning classification. The Petitioners propose to use the property for more light industrial type uses that are not allowed in the A-1 Agricultural Zoning District.

The trend of development, if any, in the general area of the property in question, including changes, if any, which may have taken place since the day the property in question was in its present zoning classification. The Zoning Board of Appeals shall not recommend the adoption of a proposed amendment unless it finds that the adoption of such an amendment is in the public interest and is not solely for the interest of the applicant. The Zoning Board of Appeals may recommend the adoption of an amendment changing the zoning classification of the property in question to any higher classification than that requested by the applicant. For the purpose of this paragraph the R-1 District shall be considered the highest classification and the M-2 District shall be considered the lowest classification. The trend of development in the area is a mix of agricultural, storage and warehousing, and other light industrial type uses.

Consistency with the purpose and objectives of the Land Resource Management Plan and other adopted County or municipal plans and policies. The Future Land Use Map in the Land Resource Management Plan classifies this property as Transportation Corridor. The United City of Yorkville's Plan calls for the property to be Agricultural. The Petitioners are also pursuing a change to the County's Future Land Use Map to Mixed Use Business. If this change is approved, then the requested map amendment would be consistent with the County's Land Resource Management Plan.

If the requested amendment to the Future Land Use Map in the Land Resource Management Plan reclassifying this property as Mixed Use Business is approved, Staff recommended approval of the proposed map amendment.

According to the definition of Transportation Corridor found on page 7-36 of the Land Resource Management Plan, this type of land use would be associated with the B-5 Business Planned Development District, B-6 Office and Research Park District, and limited B-3 Highway Business District.

The proposed tile business, offices, warehouses, fuel storage, and other light industrial uses would more applicably fit on properties zoned M-1, which more closely corresponds to the Mixed Use Business classification.

If the request is granted, the adjacent properties on the west side of Route 47 (the former Aux Sable Building and the Illinois Department of Transportation yard) could submit the same reclassification request in the future. The types of uses of those buildings and properties could also fit into the Mixed Use Business classification.

Staff recommended approval of the requested amendment and, if the requested amendment to the Future Land Use Map in the Land Resource Management Plan reclassifying this property as Mixed Use Business was approved, Staff recommended approval of the proposed map amendment.

Mr. Rybski said that the septic system was installed in 2008 and designed for fifteen (15) employees. Dan Kramer, Attorney for the Petitioner, said that the proposed uses would have less people onsite.

Mr. Kramer said that the conservation designation in Yorkville's plan was a placeholder.

Mr. Klaas asked if the Illinois Department of Transportation had acquired additional right-of-way at this property. Mr. Kramer responded no as it related to the subject property.

No additional access was planned for the property.

Chairman Wormley expressed his support for the project.

Mr. Klaas made a motion, seconded by Mr. Rybski, to recommend approval of the reclassification and map amendment.

The votes were follows:

Ayes (7): Asselmeier, Guritz, Klaas, Holdiman, Langston, Rybski, and Wormley

Nays (0): None

Abstain (0): None

Absent (3): Briganti, Chismark, and Olson

The motion passed.

The proposals go to the Kendall County Regional Planning Commission on December 13, 2023.

PUBLIC COMMENT

None

ADJOURNMENT

Mr. Guritz made a motion, seconded by Mr. Rybski, to adjourn.

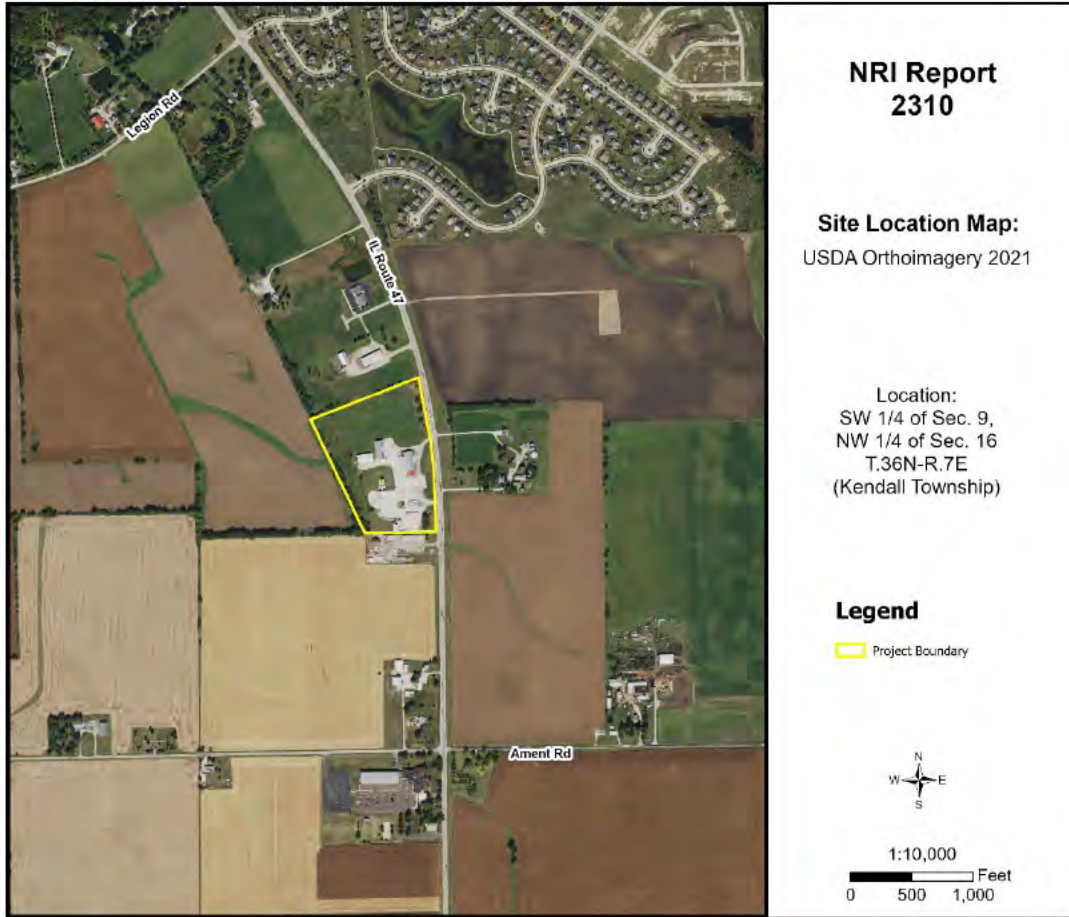

With a voice vote of seven (7) ayes, the motion carried.

The ZPAC, at 9:16 a.m., adjourned.

Respectfully Submitted,
Matthew H. Asselmeier, AICP, CFM
Director

EXECUTIVE SUMMARY

Natural Resource Information Report Number	#2310
Petitioner	A.B. Schwartz, LLC
Contact Person	Attorney Daniel J. Kramer
County or Municipality the Petition is Filed With	Kendall County
Location of Parcel	SW ¼ of Section 9, NW ¼ of Section 16, Township 36 North, Range 7 East (Kendall Township) of the 3 rd Principal Meridian
Project or Subdivision Name	A.B. Schwartz, LLC Re-Zoning
Existing Zoning & Land Use	A-1 Agricultural & A-1 SU Agricultural Special Use; Vacant, Agriculture & Improved Commercial (Ag retail, fuel storage, equipment storage, truck & tractor repair, etc.)
Proposed Zoning & Land Use	M-1 Limited Manufacturing; Tile business operation, building rentals for construction businesses, fuel storage, etc.
Proposed Water Source	Existing well
Proposed Type of Sewage Disposal System	Existing septic
Proposed Type of Storm Water Management	N/A
Size of Site	(+/-) 19.8 acres
Land Evaluation Site Assessment Score	184 (Land Evaluation: 94; Site Assessment: 90)

NATURAL RESOURCE CONSIDERATIONS

SOIL INFORMATION

Based on information from the United States Department of Agriculture-Natural Resources Conservation Service (USDA-NRCS) 2008 Kendall County Soil Survey, this project area contains the soil types shown in Figure 1 and Table 1. Please note this does not replace the need for or results of onsite soil testing. If completed, please refer to onsite soil test results for planning/engineering purposes.

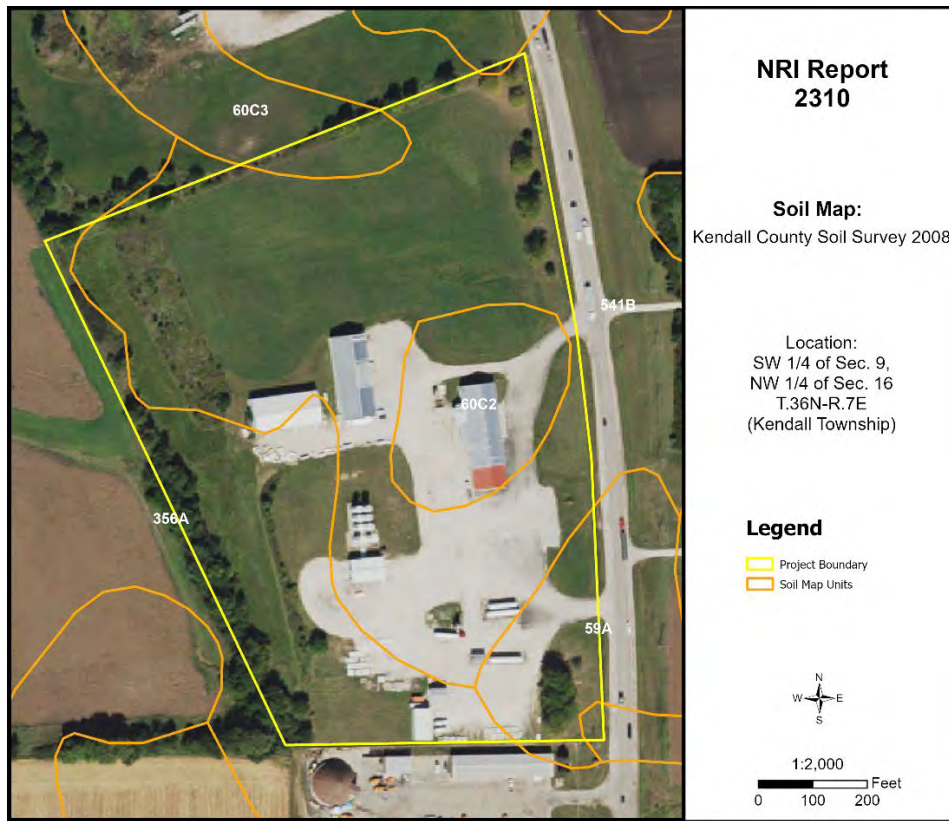

Figure 1: Soil Map

Table 1: Soils Information

Soil Type	Soil Name	Drainage Class	Hydrologic Group	Hydric Designation	Farmland Designation	Acres	% Area
59A	Lisbon silt loam, 0-2% slopes	Somewhat Poorly Drained	C/D	Non-Hydric	Prime Farmland	1.4	6.9%
60C2	La Rose silt loam, 5-10% slopes, eroded	Moderately Well Drained	C	Non-Hydric	Farmland of Statewide Importance	2.2	11.1%
60C3	La Rose clay loam, 5-10% slopes, severely eroded	Moderately Well Drained	C	Non-Hydric	Farmland of Statewide Importance	0.5	2.3%
356A	Elpaso silty clay loam, 0-2% slopes	Poorly Drained	B/D	Hydric	Prime Farmland if Drained	4.5	22.5%
541B	Graymont silt loam, 2-5% slopes	Moderately Well Drained	C	Non-Hydric with Hydric Inclusions	Prime Farmland	11.3	57.1%

Hydrologic Soil Groups – Soils have been classified into four (A, B, C, D) hydrologic groups based on runoff characteristics due to rainfall. If a soil is assigned to a dual hydrologic group (A/D, B/D or C/D), the first letter is for drained areas and the second letter is for undrained areas.

- **Hydrologic group A:** Soils have a high infiltration rate (low runoff potential) when thoroughly wet. These consist mainly of deep, well drained to excessively drained sands or gravelly sands. These soils have a high rate of water transmission.
- **Hydrologic group B:** Soils have a moderate infiltration rate when thoroughly wet, consist chiefly of moderately deep to deep, moderately well drained to well drained soils that have a moderately fine to moderately coarse texture. These soils have a moderate rate of water transmission.
- **Hydrologic group C:** Soils having a slow infiltration rate when thoroughly wet. These consist chiefly of soils having a layer that impedes the downward movement of water or soils of moderately fine texture or fine texture. These soils have a slow rate of water transmission.
- **Hydrologic group D:** Soils having a very slow infiltration rate (high runoff potential) when thoroughly wet. These consist chiefly of clays that have a high shrink-swell potential, soils that have a high water table, have a claypan or clay layer at or near the surface, and soils that are shallow over nearly impervious material. These soils have a very slow rate of water transmission.

Hydric Soils – A hydric soil is one that formed under conditions of saturation, flooding, or ponding long enough during the growing season to develop anaerobic conditions in the upper part of the soil profile that supports the growth or regeneration of hydrophytic vegetation. Soils with hydric inclusions have map units dominantly made up of non-hydric soils that may have inclusions of hydric soils in the lower positions on the landscape. Of the soils found onsite, one is classified as hydric soil (356A Elpaso silty clay loam), three are classified as non-hydric soil (59A Lisbon silt loam, 60C2 La Rose silt loam, and 60C3 La Rose clay loam), and one is classified as non-hydric soil with hydric inclusions likely (541B Graymont silt loam).

Prime Farmland – Prime farmland is land that has the best combination of physical and chemical characteristics for agricultural production. Prime farmland soils are an important resource to Kendall County and some of the most productive soils in the United States occur locally. Of the soils found onsite, two are designated as prime farmland (59A Lisbon silt loam and 541B Graymont silt loam), one is designated as prime farmland if drained (356A Elpaso silty clay loam), and two are designated as farmland of statewide importance (60C2 La Rose silt loam and 60C3 La Rose clay loam). Farmland of statewide importance is land that does not meet the criteria for prime farmland but can economically produce high yields of crops when managed properly.

Soil Water Features – Table 2, below, gives estimates of various soil water features that should be taken into consideration when reviewing engineering for a land use project.

Table 2: Water Features

Map Unit	Hydrologic Group	Surface Runoff	Water Table	Ponding	Flooding
59A	C/D	Low	January - May Upper Limit: 1.0'-2.0' Lower Limit: 2.0'-4.0'	January – December Frequency: None	January – December Frequency: None
60C2	C	High	February - April Upper Limit: 2.0'-3.5' Lower Limit: 2.2'-4.0'	January – December Frequency: None	January – December Frequency: None
60C3	C	Medium	February - April Upper Limit: 2.0'-3.5' Lower Limit: 2.2'-4.0'	January – December Frequency: None	January – December Frequency: None
356A	B/D	Negligible	January - May Upper Limit: 0.0'-1.0' Lower Limit: 6.0'	January – May Surface Water Depth: 0.0'-0.5' Duration: Brief (2 to 7 days) Frequency: Frequent June – December Frequency: None	January – December Frequency: None
541B	C	Low	February - April Upper Limit: 2.0'-3.5' Lower Limit: 2.2'-4.3'	January – December Frequency: None	January – December Frequency: None

Surface Runoff – Refers to the loss of water from an area by flow over the land surface. Surface runoff classes are based upon slope, climate and vegetative cover and indicates relative runoff for very specific conditions (it is assumed that the surface of the soil is bare and that the retention of surface water resulting from irregularities in the ground surface is minimal). The surface runoff classes are identified as: negligible, very low, low, medium, high, and very high.

Months – The portion of the year in which a water table, ponding, and/or flooding is most likely to be a concern.

Water Table – Water table refers to a saturated zone in the soil and the data indicates, by month, depth to the top (upper limit) and base (lower limit) of the saturated zone in most years. These estimates are based upon observations of the water table at selected sites and on evidence of a saturated zone (grayish colors or mottles (redoximorphic features)) in the soil. Note: A saturated zone that lasts for less than a month is not considered a water table.

Ponding – Ponding is standing water in a closed depression. Unless a drainage system is installed, the water is removed only by percolation, transpiration, or evaporation. Duration is expressed as very brief (less than 2 days), brief (2 to 7 days), long (7 to 30 days), very long (more than 30 days). Frequency is expressed as none (ponding is not probable), rare (unlikely but possible under unusual weather conditions), occasional (occurs, on average, once or less in 2 years) and frequent (occurs, on average, more than once in 2 years).

Flooding – Temporary inundation of an area caused by overflowing streams, by runoff from adjacent slopes, or by tides. Water standing for short periods after rainfall or snowmelt is not considered flooding, and water standing in swamps and marshes is considered ponding rather than flooding. Duration is expressed as brief (2 to 7 days) and frequent meaning that it is likely to occur often under normal weather conditions.

SOIL LIMITATIONS

According to the USDA-NRCS, soil properties influence the development of sites, including the selection of the site, the design of the structure, construction, performance after construction and maintenance. This report gives ratings for proposed uses in terms of limitations and restrictive features. The tables list only the most restrictive features. Ratings are based on the soil in an undisturbed state, that is, no unusual modification occurs other than that which is considered normal practice for the rated use. Even though soils may have limitations, an engineer may alter soil features or adjust building plans for a structure to compensate for most degrees of limitations. The final decision in selecting a site for a particular use generally involves weighing the costs for site preparation and maintenance.

- **Not Limited:** Indicates that the soil has features that are very favorable for the specified use; good performance and low maintenance can be expected.
- **Somewhat Limited:** Indicates that the soil has features that are moderately favorable for the specified use. The limitations can be overcome or minimized by special planning, design, or installation; fair performance and moderate maintenance can be expected.
- **Very Limited:** Indicates that the soil has one or more features that are unfavorable for the specified use. The limitations generally cannot be overcome without major soil reclamation, special design, or expensive installation procedures; poor performance and high maintenance can be expected.

Limitations are listed below for small commercial buildings, shallow excavations, lawns/landscaping, and local roads & streets. Please note this information is based on soils in an undisturbed state as compiled for the USDA-NRCS 2008 Soil Survey of Kendall County, IL. This does not replace the need for site specific soil testing or results of onsite soil testing.

Figure 2: Soil Limitations

Table 3: Building Limitations

Soil Type	Small Commercial Buildings	Shallow Excavations	Lawns & Landscaping	Local Roads & Streets	Acres	%
59A	Somewhat Limited: Depth to saturated zone Shrink-swell	Very Limited: Depth to saturated zone Dense layer Dusty Unstable excavation walls Ponding	Somewhat Limited: Depth to saturated zone Dusty	Very Limited: Frost action Low strength Depth to saturated zone Shrink-swell Ponding	1.4	6.9%
60C2	Somewhat Limited: Slope Depth to saturated zone	Very Limited: Depth to saturated zone Dusty Unstable excavation walls	Somewhat Limited: Depth to saturated zone Dusty	Somewhat Limited: Frost action Low strength Depth to saturated zone	2.2	11.1%
60C3	Somewhat Limited: Slope Depth to saturated zone	Very Limited: Depth to saturated zone Dusty Unstable excavation walls	Somewhat Limited: Depth to saturated zone Dusty	Somewhat Limited: Frost action Low strength Depth to saturated zone	0.5	2.3%
356A	Very Limited: Ponding Depth to saturated zone Shrink-swell	Very Limited: Ponding Depth to saturated zone Dusty Unstable excavation walls Too clayey	Very Limited: Ponding Depth to saturated zone Dusty	Very Limited: Ponding Depth to saturated zone Frost action Low strength Shrink-swell	4.5	22.5%
541B	Somewhat Limited: Shrink-swell	Somewhat Limited: Depth to saturated zone Dusty Unstable excavation walls	Somewhat Limited: Dusty	Very Limited: Frost action Low strength Shrink-swell Ponding Depth to saturated zone	11.3	57.1%
% Very Limited	22.5%	42.9%	22.5%	86.6%

KENDALL COUNTY LAND EVALUATION AND SITE ASSESSMENT (LESA)

Decision-makers in Kendall County use the Land Evaluation and Site Assessment (LESA) system to determine the suitability of a land use change and/or a zoning request as it relates to agricultural land. The LESA system was developed by the United States Department of Agriculture-Natural Resources Conservation Service (USDA-NRCS) and takes into consideration local conditions such as physical characteristics of the land, compatibility of surrounding land-uses, and urban growth factors. The LESA system is a two-step procedure that includes:

- **Land Evaluation (LE):** The soils of a given area are rated and placed in groups ranging from the best to worst suited for a stated agriculture use, cropland, or forestland. The best group is assigned a value of 100 and all other groups are assigned lower values. The Land Evaluation value accounts for 1/3 of the total score and is based on data from the Kendall County Soil Survey. The Kendall County Soil and Water Conservation District is responsible for this portion of the LESA system.
- **Site Assessment (SA):** The site is numerically evaluated according to important factors that contribute to the quality of the site. Each factor selected is assigned values in accordance with the local needs and objectives. The Site Assessment value is based on a 200-point scale and accounts for 2/3 of the total score. The Kendall County LESA Committee is responsible for this portion of the LESA system.

Table 4A: Land Evaluation Computation

Soil Type	Value Group	Relative Value	Acres	Product (Relative Value x Acres)
59A	2	94	1.4	131.6
60C2	5	82	2.2	180.4
60C3	6	69	0.5	34.5
356A	1	100	4.5	450.0
541B	2	94	11.3	1,062.2
Totals			19.8	1,858.7
LE Calculation			(Product of relative value / Total Acres) 1,858.7 / 19.8 = 93.9	
LE Score			LE = 94	

*Acreage listed in this chart provides a generalized representation and may not precisely reflect exact acres of each soil type.

The Land Evaluation score for this site is 94, indicating that this site is currently designated as land that is well suited for agricultural uses considering the Land Evaluation score is above 80.

Table 4B: Site Assessment Computation

A.	Agricultural Land Uses	Points
	1. Percentage of area in agricultural uses within 1.5 miles of site. (20-10-5-0)	10
	2. Current land use adjacent to site. (30-20-15-10-0)	20
	3. Percentage of site in agricultural production in any of the last 5 years. (20-15-10-5-0)	5
	4. Size of site. (30-15-10-0)	10
B.	Compatibility / Impact on Uses	
	1. Distance from city or village limits. (20-10-0)	0
	2. Consistency of proposed use with County Land Resource Management Concept Plan and/or municipal comprehensive land use plan. (20-10-0)	20
	3. Compatibility of agricultural and non-agricultural uses. (15-7-0)	0
C.	Existence of Infrastructure	
	1. Availability of public sewage system. (10-8-6-0)	6
	2. Availability of public water system. (10-8-6-0)	6
	3. Transportation systems. (15-7-0)	7
	4. Distance from fire protection service. (10-8-6-2-0)	6
	Site Assessment Score:	90

The Site Assessment score for this site is 90. The Land Evaluation value (94) is added to the Site Assessment value (90) to obtain a LESA Score of 184. The table below shows the level of protection for the proposed project site based on the LESA Score.

Table 5: LESA Score Summary

LESA SCORE	LEVEL OF PROTECTION
0-200	Low
201-225	Medium
226-250	High
251-300	Very High

Land Evaluation Value: 94 + Site Assessment Value: 90 = LESA Score: 184

The LESA Score for this site is 184, which indicates a low level of protection for the proposed project site. Selecting the project site with the lowest total points will generally protect the best farmland located in the most viable areas and maintain and promote the agricultural industry in Kendall County.

WETLANDS

The U.S. Fish & Wildlife Service’s National Wetland Inventory map indicates that mapped wetlands/waters are not present on the proposed project site. To determine if a wetland is present, a wetland delineation specialist, who is recognized by the U.S. Army Corps of Engineers, should determine the exact boundaries and value of the wetlands.

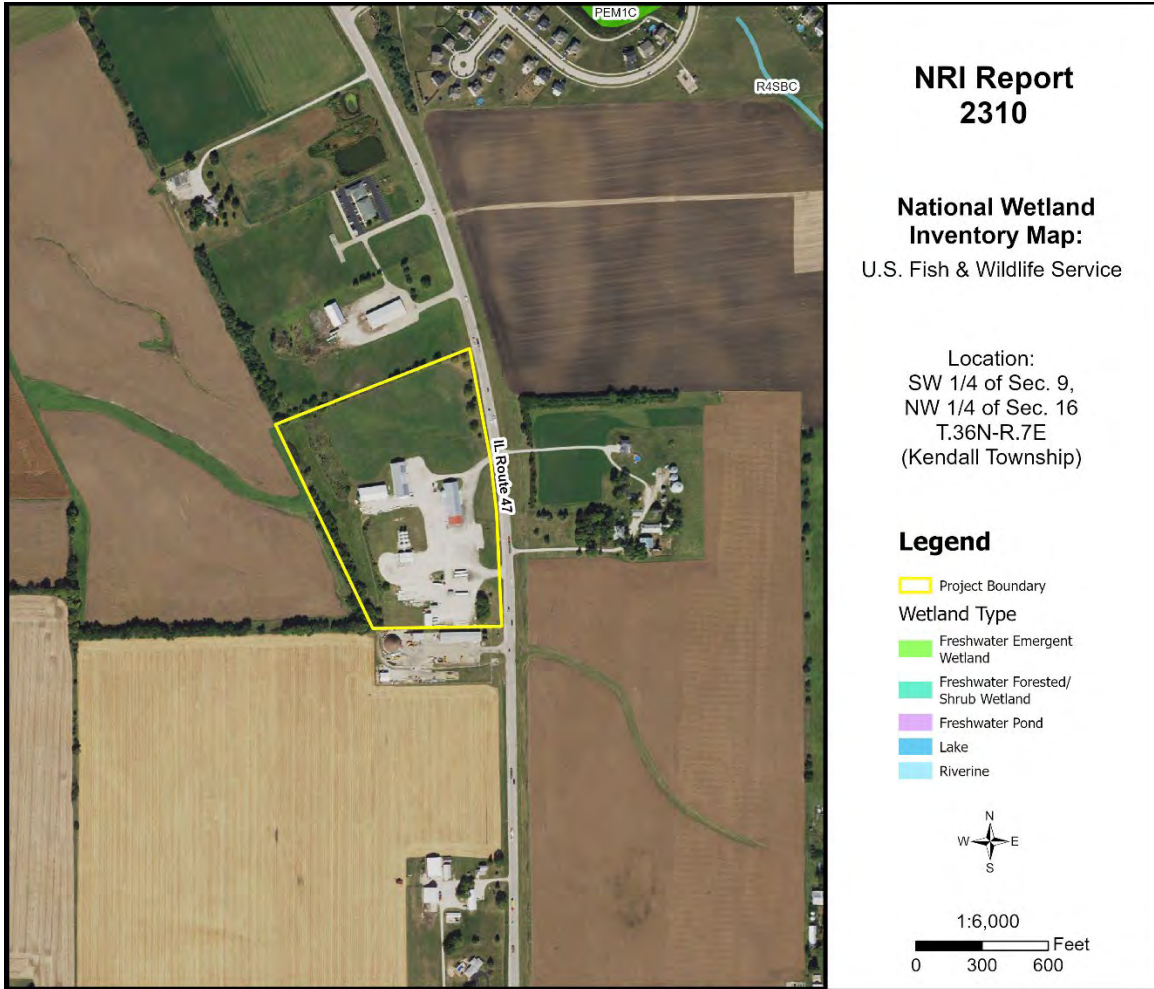

Figure 4: Wetland Map

FLOODPLAIN

The Federal Emergency Management Agency’s (FEMA) Flood Insurance Rate Map (FIRM) for Kendall County, Community Panel No. 17093C0125G (effective date February 4, 2009) was reviewed to determine the presence of floodplain and floodway areas within the project site. According to the map, the parcel is located outside of the flood hazard zones.

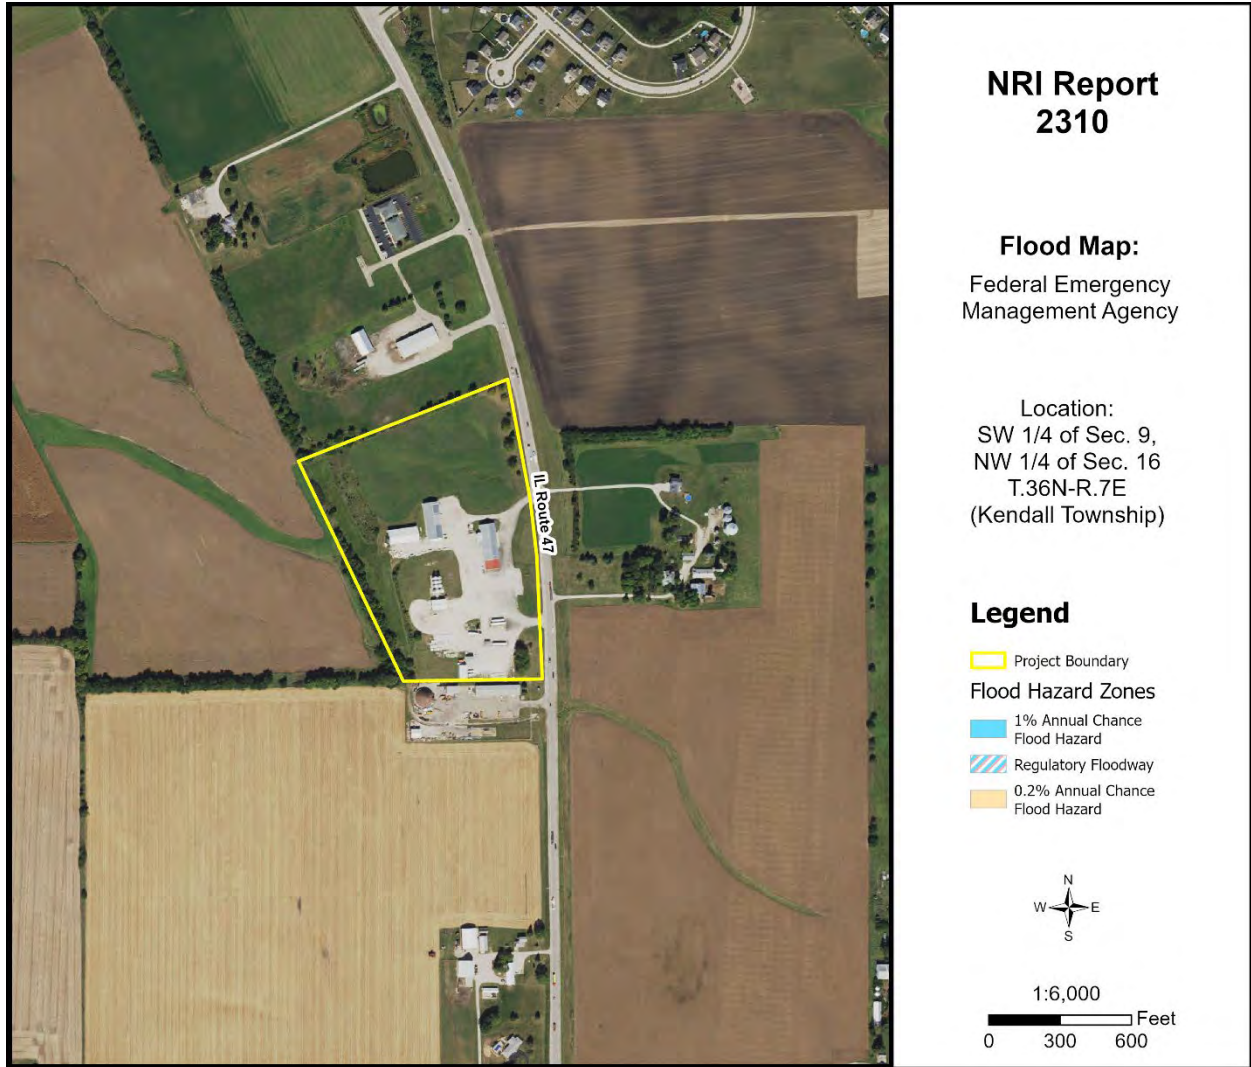

Figure 5: Flood Map

TOPOGRAPHY

The parcel is on minimal topography (slopes 0-10%) and at an elevation of approximately 722'-736' above sea level. The lowest point is at the southeast corner, and the highest point is at the northeast corner.

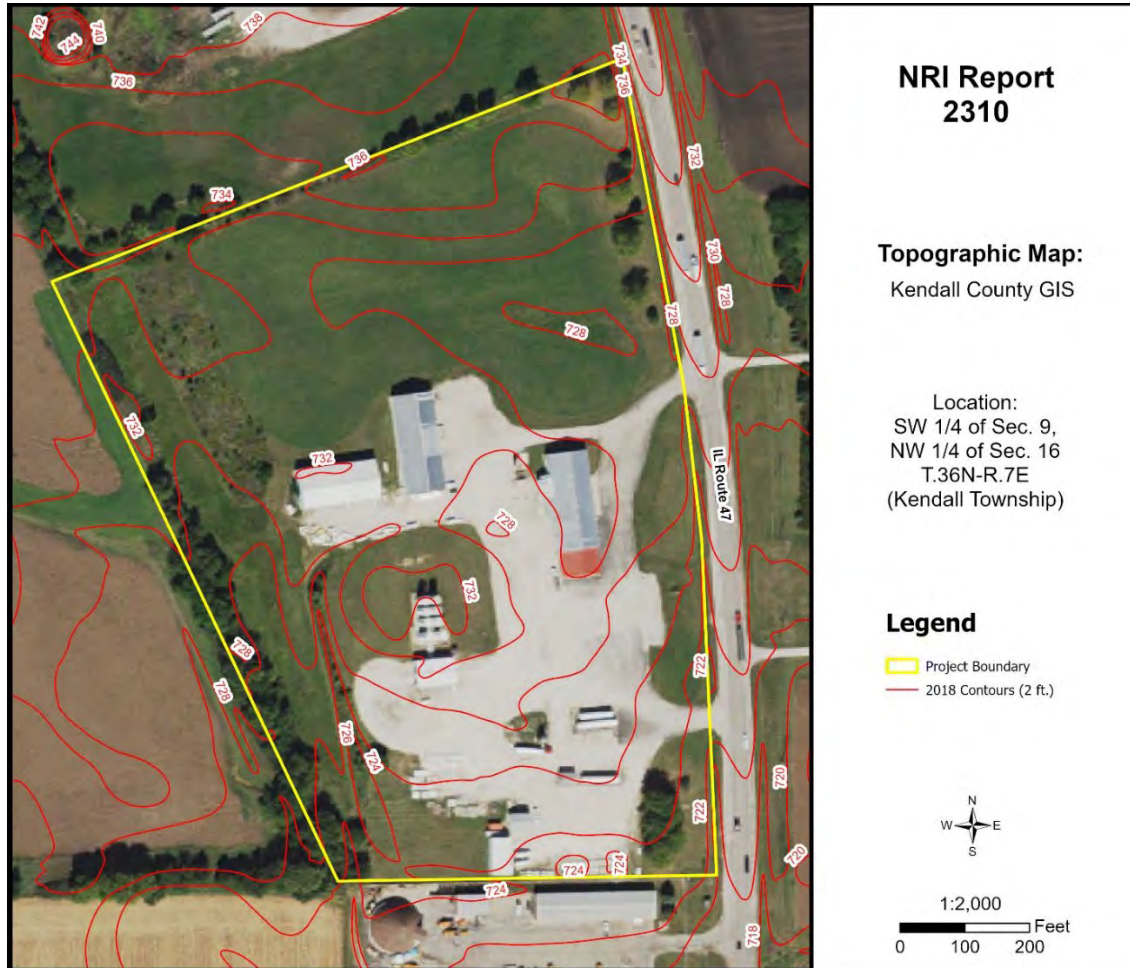

Figure 6: Topographic Map

SEDIMENT AND EROSION CONTROL

Development on this site should include an erosion and sediment control plan in accordance with local, state, and federal regulations. Soil erosion on construction sites is a resource concern because suspended sediment from areas undergoing development is a primary nonpoint source of water pollution. Please consult the *Illinois Urban Manual* (<https://illinoisurbanmanual.org/>) for appropriate best management practices.

STORMWATER POLLUTION

A National Pollutant Discharge Elimination System (NPDES) permit (Permit No. ILR10) from the Illinois Environmental Protection Agency (IEPA) is required for stormwater discharges from construction sites that will disturb 1 or more acres of land. Conditions of the NPDES ILR10 permit require the development and implementation of a Stormwater Pollution Prevention Plan (SWPPP) to reduce stormwater pollutants on the construction site before they can cause environmental issues.

LAND USE FINDINGS

The Kendall County Soil and Water Conservation District (SWCD) Board has reviewed the proposed site plans for petitioner A.B. Schwartz, LLC. The petitioner is requesting a change in zoning from A-1 Agricultural Special Use to M-1 Limited Manufacturing on five parcels (Parcel Index Numbers 05-16-100-004, 05-09-300-006, 05-16-100-003, 05-09-300-007, 05-16-100-020) to operate a farm tile business, rent out existing buildings for construction companies, store fuel, etc. within Kendall Township of Kendall County located in Sections 9 and 16, Township 36 North, and Range 7 East of the 3rd Principal Meridian. Based on the information provided by the petitioner and a review of natural resource related data available to the Kendall County SWCD, the SWCD Board presents the following information.

The Kendall County SWCD has always had the opinion that Prime Farmland should be preserved whenever feasible due to their highly productive qualities for growing agriculturally important grain and fiber crops in our community. Much of the site is already developed, however, the northern portion of the site that is not developed contains soils that are designated primarily as prime farmland. A land evaluation (LE), which is a part of the Land Evaluation and Site Assessment (LESA), was conducted on this parcel. The soils on this parcel scored a 94 out of a possible 100 points indicating that the soils are well suited for agricultural uses. The total LESA score for this site is 184 out of a possible 300, which indicates a low level of protection for the proposed project site. Selecting the project site with the lowest total points will generally protect the best farmland located in the most viable areas and maintain and promote the agricultural industry in Kendall County.

Soils found on the project site are rated for specific uses and can have potential limitations. Soil types with severe limitations do not preclude the ability to develop the site for the proposed use, but it is important to note the limitation that may require soil reclamation, special design/engineering, or maintenance to obtain suitable soil conditions to support development with significant limitations. There are not currently plans for development on the site, however, if development occurs in the future this report indicates that for soils located on the parcel, 86.6% are very limited for roads & streets (paved & unpaved), 42.9% are very limited for shallow excavations, and 22.5% are very limited for small commercial buildings and lawns/landscaping. The remaining soils are considered somewhat limited for these types of developments/uses. This information is based on the soil in an undisturbed state. If the scope of the project may include the use of onsite septic systems, please consult with the Kendall County Health Department.

This site is located within the Upper Illinois River watershed and the Middle Aux Sable Creek sub watershed. If development occurs on this site, please ensure that a soil erosion and sediment control plan be implemented during construction. Sediment may become a primary non-point source of pollution; eroded soils during the construction phase can create unsafe conditions on roadways, degrade water quality and destroy aquatic ecosystems lower in the watershed.

For intense use it is recommended that a drainage tile survey be completed on the parcel to locate subsurface drainage tile. That survey should be taken into consideration during the land use planning process. Drainage tile expedites drainage and facilitates farming. It is imperative that these drainage tiles remain undisturbed. Impaired tile may affect a few acres or hundreds of acres of drainage.

The information that is included in this Natural Resources Information Report is to assure that the landowners take into full consideration the limitations of the site. Guidelines and recommendations are also a part of this report and should be considered in the planning process. The Natural Resource Information Report is required by the Illinois Soil and Water Conservation District Act (Ill. Compiled Statutes, Ch. 70, Par 405/22.02a).

KENDALL COUNTY
REGIONAL PLANNING COMMISSION

Kendall County Office Building
Rooms 209 and 210
111 W. Fox Street, Yorkville, Illinois

Unapproved - Meeting Minutes of December 13, 2023 - 7:00 p.m.

Chairman Bill Ashton called the meeting to order at 7:05 p.m.

ROLL CALL

Members Present: Bill Ashton, Eric Bernacki, Dave Hamman, Larry Nelson, Ruben Rodriguez, Claire Wilson, and Seth Wormley (Arrived at 7:07 p.m.)

Members Absent: Tom Casey, Karin McCarthy-Lange, and Bob Stewart

Staff Present: Matthew H. Asselmeier, Director, and Wanda A. Rolf, Administrative Assistant

Others Present: Dan Kramer, Andrew Schwartz, Robert Schwartz, and Carrie Barns

PETITION

Petition 23-33 Alan Drake on Behalf of Grainco FS, Inc. (Property Owner) and Andrew and Robert Schwartz on Behalf of A.B. Schwartz, LLC (Contract Purchaser)

Mr. Asselmeier summarized the request.

A.B. Schwartz, LLC would like a map amendment rezoning approximately nineteen point eight more or less (19.8 +/-) acres located on the west side of Route 47 addressed as 8115 Route 47 from A-1 Agricultural District and A-1 SU to M-1 Limited Manufacturing District in order to operate a tile business, offices, warehouses, fuel storage, and other light industrial uses.

The application materials and pictures of the property were provided.

The property is located at 8115 Route 47, Yorkville.

The property is vacant and improved commercial.

Two (2) of the parcels are zoned A-1 and three (3) of the parcels are zoned A-1 with special use permits.

The County's plan calls for the property to be Transportation Corridor.

Yorkville's plan calls for the property to be Agricultural.

Route 47 is a State maintained arterial road.

There are no trails planned in this area.

There are no floodplains or wetlands on the property.

The adjacent land uses are Improved Commercial, Agricultural, Farmstead, and Transportation/Community/Utility (IDOT Yard).

The adjacent properties are zoned A-1 and B-3 in the County and R-2 and R-3 in Yorkville.

The County's plan calls for the area to be Transportation Corridor, Commercial, and Rural Residential (Max 0.65 DU/Acre).

Yorkville's plan calls for the area to be Estate/Conservation Residential, and Agricultural.

Properties within one point five (1.5) miles were zoned A-1, A-1SU, R-1, R-3, and B-3 in the County and R-2, R-3, B-1, and B-3 inside Yorkville.

The A-1 special use permits to the south are for a church, an illuminated sign, and a cemetery.

EcoCAT Report submitted and consultation was terminated.

The application for NRI was submitted on November 12, 2023.

Petition information was sent to Kendall Township on November 17, 2023. At their meeting on November 21, 2023, the Kendall Township Planning Commission recommended approval of the request. The Kendall Township Board was still reviewing the proposal.

Petition information was sent to the United City of Yorkville on November 17, 2023. Yorkville plans to review the proposal in January 2024.

Petition information was sent to the Bristol-Kendall Fire Protection District on November 17, 2023. No comments received.

ZPAC reviewed the proposal at their meeting on December 5, 2023. It was noted that the septic system was designed for a maximum fifteen (15) people. The Petitioner's Attorney indicated that fewer people will be on the property compared to the number of people onsite for previous uses. The Illinois Department of Transportation had not been in negotiations with the property owners related to land acquisition for right-of-way expansion. With two (2) access points, the property possessed good access onto Route 47. ZPAC recommended approval of the proposal by a vote of seven (7) in favor and zero (0) in opposition with three (3) members absent. The minutes of the meeting were provided.

The portions of the property identified by parcel identification numbers 05-09-300-007, 05-16-100-004, and 05-16-100-020 were originally rezoned to M-1 in 1966 by Ordinance 1966-08. These properties were rezoned back to A-1 and granted a special use permit during the County-wide rezoning in 1974. A special use permit was granted at these properties to expand the gas facilities in 1979 by Ordinance 1979-20. A special use permit for an illuminated sign was granted at the property in 1998 by Ordinance 1998-09. Ordinances 1966-08, 1979-20, and 1998-09 were provided.

In addition to the various zoning actions previously mentioned, the portion of the property identified by parcel identification number 05-16-100-020 was granted variances in 1997 for a reduction of the front yard setback by twenty feet (20') for a canopy and fuel pumps and a ten foot (10') front yard setback reduction for post placement. The information for this variance was provided.

Those portions of the property identified by parcel identification numbers 05-16-100-003 and 05-09-300-006 appear to have always been zoned A-1.

Per the site plan, there are seven (7) buildings presently located on the property. Any new buildings, expansion of existing buildings, or remodeling of these buildings would require applicable building permits and the work would be required to meet applicable building codes. The Petitioners indicate that no new buildings are planned

at this time. Any structures or uses that encroach into required setbacks would be considered lawfully non-conforming. Any changes to site, such as new buildings or expanded parking areas, would trigger site plan review and approval under the Zoning Ordinance.

The site is serviced by a well and septic. There is electricity onsite. There are several LP tanks onsite.

The property fronts Route 47 and has two (2) access points off of Route 47. Deceleration lanes exist at both entrances on Route 47.

The site plan shows several gravel and asphalt areas. No dedicated parking spaces appear onsite. Any new parking lots would have to meet applicable regulations.

Based on the proposed uses, no new odors are foreseen. The owners of the property would have to follow applicable odor control regulations based on potential other future M-1 allowable uses.

The site plan shows one (1) light pole and there are some existing lights on several of the buildings.

The amount of lighting could expand on the property if they install a larger parking lot or if different uses move onto the property.

No changes to the landscaping or property screening are proposed.

If improvements are made to the site in the future, landscaping and screening would be required as part of site plan review.

Any signage would have to meet applicable regulations and secure permits.

Based on the proposed uses, no new noise issues are foreseen. The owners of the property would have to follow applicable noise control regulations based on potential other future M-1 allowable uses.

The site plan shows two (2) stormwater inlets.

Since no new buildings or impervious surfaces were proposed, a stormwater permit was not required. However, if additional buildings or impervious surfaces are added to the site in the future, stormwater permits could be required at that time.

The proposed Findings of Fact were as follows:

Existing uses of property within the general area of the property in question. The surrounding properties are used for agricultural purposes, larger lot single-family residential uses, Illinois Department of Transportation storage yard, and vacant commercial space that might seek rezoning to industrial in the future.

The Zoning classification of property within the general area of the property in question. The surrounding properties are zoned A-1 and B-3 in the unincorporated area and R-2 and R-3 inside the United City of Yorkville.

The suitability of the property in question for the uses permitted under the existing zoning classification. The Petitioners propose to use the property for more light industrial type uses that are not allowed in the A-1 Agricultural Zoning District.

The trend of development, if any, in the general area of the property in question, including changes, if any, which may have taken place since the day the property in question was in its present zoning classification. The Zoning Board of Appeals shall not recommend the adoption of a proposed amendment unless it finds that

the adoption of such an amendment is in the public interest and is not solely for the interest of the applicant. The Zoning Board of Appeals may recommend the adoption of an amendment changing the zoning classification of the property in question to any higher classification than that requested by the applicant. For the purpose of this paragraph the R-1 District shall be considered the highest classification and the M-2 District shall be considered the lowest classification. The trend of development in the area is a mix of agricultural, storage and warehousing, and other light industrial type uses.

Consistency with the purpose and objectives of the Land Resource Management Plan and other adopted County or municipal plans and policies. The Future Land Use Map in the Land Resource Management Plan classifies this property as Transportation Corridor. The United City of Yorkville's Plan calls for the property to be Agricultural. The Petitioners are also pursuing a change to the County's Future Land Use Map to Mixed Use Business. If this change is approved, then the requested map amendment would be consistent with the County's Land Resource Management Plan.

If the requested amendment to the Future Land Use Map in the Land Resource Management Plan reclassifying this property as Mixed Use Business is approved, Staff recommended approval of the proposed map amendment.

Member Bernacki asked if there were any buildings planned to be built in the near future. Dan Kramer, Attorney for the Petitioner responded that future buildings constructed depended on market interest. Also, any new buildings would need applicable stormwater and building permits. The existing fuel tanks would remain onsite.

Member Bernacki made a motion, seconded by Member Hamman, to recommend approval of the map amendment.

The votes were as follows:

Ayes (7): Ashton, Bernacki, Hammen, Rodriguez, Nelson, Wilson, and Wormley

Absent (3): Casey, McCarthy-Lange, and Stewart

Abstain (0): None

The motion carried. The proposal will go to the Kendall County Zoning Board of Appeals on December 18, 2023.

ADJOURNMENT

Member Nelson made a motion, seconded by Member Wilson, to adjourn. With a voice vote of seven (7) ayes, the motion carried.

The Kendall County Regional Planning Commission meeting adjourned at 8:16 p.m.

Respectfully submitted by,
Wanda A. Rolf
Administrative Assistant
