Division of Water Pollution Control ANNUAL FACILITY INSPECTION REPORT

for NPDES Permit for Storm Water Discharges from Separate Storm Sewer Systems (MS4)

This fillable form may be completed online, a copy saved locally, printed and signed before it is submitted to the Compliance Assurance Section at the above address. Complete each section of this report.

Report Period: From March, 2010 To March, 2011

Permit No. ILR40 0261

MS4 OPERATOR INFORMATION: (As it appears on the current permit)

Name: Kendall County

Mailing Address: 111 West Fox Street County: Kendall

City: Yorkville State: IL Zip: 60560-1498 Telephone: 630-553-4171

Contact Person: John Purcell, County Board Chair Email Address: _____
(Person responsible for Annual Report)

Name(s) of governmental entity(ies) in which MS4 is located: (As it appears on the current permit)

Kendall County

THE FOLLOWING ITEMS MUST BE ADDRESSED.

A. Changes to best management practices (check appropriate BMP change(s) and attach information regarding change(s) to BMP and measurable goals.)

- | | | | |
|--|--------------------------|---|--------------------------|
| 1. Public Education and Outreach | <input type="checkbox"/> | 4. Construction Site Runoff Control | <input type="checkbox"/> |
| 2. Public Participation/Involvement | <input type="checkbox"/> | 5. Post-Construction Runoff Control | <input type="checkbox"/> |
| 3. Illicit Discharge Detection & Elimination | <input type="checkbox"/> | 6. Pollution Prevention/Good Housekeeping | <input type="checkbox"/> |

B. Attach the status of compliance with permit conditions, an assessment of the appropriateness of your identified best management practices and progress towards achieving the statutory goal of reducing the discharge of pollutants to the MEP, and your identified measurable goals for each of the minimum control measures.

C. Attach results of information collected and analyzed, including monitoring data, if any during the reporting period.

D. Attach a summary of the storm water activities you plan to undertake during the next reporting cycle (including an implementation schedule.)

E. Attach notice that you are relying on another government entity to satisfy some of your permit obligations (if applicable).

F. Attach a list of construction projects that your entity has paid for during the reporting period.

Any person who knowingly makes a false, fictitious, or fraudulent material statement, orally or in writing, to the Illinois EPA commits a Class 4 felony. A second or subsequent offense after conviction is a Class 3 felony. (415 ILCS 5/44(h))

There are no intended changes to BMPs. The BMPs described are based on the NOI filed June 1, 2009 and June 1, 2011.

Part B. Status of Compliance with Permit Conditions

(Provide the status of compliance with permit condition, an assessment of the appropriateness of your identified best management practices and progress towards achieving the statutory goal of reducing the discharge of pollutants to the maximum extent practicable [MEP] , and your identified measurable goals for each of the minimum control measures.)

The status of BMPs and measurable goals performed in Year 1 are described below.

1. Public Education and Outreach

A.1 Distributed Paper Material

Measurable Goals: Track number of people requesting to see County's plan on an annual basis.

The County made the County's Stormwater Ordinance, Erosion Control Ordinance, Floodplain Protection Ordinance, Annual Reports, 2008 IEPA Audit Report, and NOI available for public viewing on-line.

A.2 Speaking Engagement

Measurable Goals: An increase in number of presentations annually and amount of public attendance/participation.

The County has been working with the Kendall County Health Department and the Kendall County Soil and Water Conservation District to provide and participate in educational opportunities to the residents of the county. No speaking engagements involving Planning, Building, and Zoning (PBZ) staff were scheduled during this reporting period.

A.4 Community Event

Measurable Goals: Increased interest and attendance in annual workshops/seminars.

The County has been working with the Kendall County Health Department and the Kendall County Soil and Water Conservation District to provide and participate in educational opportunities to the residents of the county.

A.6 Public Service Announcement

Measurable Goals: Inquiries to linked websites on annual increase in hits to websites.

The County revamped their website in 2009 to include information on NPDES. Links to watershed and conservation groups are still being collected for posting.

2. Public Participation/Involvement

B.3 Stakeholder Meetings

Measurable Goals: Establishment of positive dialogue and eventual County-wide coordination of stormwater management efforts.

The Kendall County Unified Stormwater Management Plan was completed in December 10, 2010, and posted on the County's Website. The Technical Committee completed the first two chapters and began drafting the third chapter of the Stormwater Ordinance during the reporting period.

B.4 Public Hearings

Kendall County held a public hearing on October 28, 2010 to gather public input on the Stormwater Management Plan.

B.6 Program Coordination

Kendall County participated in the Blackberry Creek Watershed Group and the Northwest Water Planning Alliance during the reporting period

B.7 Other Public Involvement

Measurable Goals: Inquires to linked websites and annual increase in hits to website.

The County revamped their website in 2009 to include information on NPDES. Links to watershed and conservation groups are still being collected for posting.

3. Illicit Discharge Detection and Elimination

C.1 Storm Sewer Map Preparation

Measurable Goals: Completion of map and updates.

The year 7 goal of compiling "As-Built" plans, training of staff on the mapping procedures, use of mapping tools, and data collection procedures has been initiated and mapping of some features was completed during this reporting period as funding allowed.

C.3 Detection/Elimination Prioritization Plan

Measurable Goals: Track number of illicit dischargers discovered and track removal process annually.

No progress was made during the reporting period. As noted in the County's NOI, this BMP will be initiated after substantial completion of storm sewer mapping, which is scheduled for Year 9. Development of program for tracking detection and elimination

is scheduled for year 8. The County has begun discussions with the Health Department about collaborating efforts to monitor illicit discharges.

C.4 Illicit Discharge Tracing Procedures

Measurable Goals: Track number of illicit dischargers discovered and track removal process annually.

No progress was made during the reporting period. As noted in the County's NOI, this BMP will be initiated after substantial completion of storm sewer mapping, which is scheduled for Year 9. Development of program for tracking detection and elimination is scheduled for year 8. The County has begun discussions with the Health Department about collaborating efforts to monitor illicit discharges.

C.5 Illicit Source Removal Procedures

Measurable Goals: Track number of illicit dischargers discovered and track removal process annually.

No progress was made during the reporting period. As noted in the County's NOI, this BMP will be initiated after substantial completion of storm sewer mapping, which is scheduled for Year 9. Development of program for tracking detection and elimination is scheduled for year 8. The County has begun discussions with the Health Department about collaborating efforts to monitor illicit discharges.

C.7 Visual Dry Weather Screening

Measurable Goals: Track number of illicit dischargers discovered and track removal process annually.

No progress was made during the reporting period. As noted in the County's NOI, this BMP will be initiated after substantial completion of storm sewer mapping, which is scheduled for Year 9. Development of program for tracking detection and elimination is scheduled for year 8. The County has begun discussions with the Health Department about collaborating efforts to monitor illicit discharges.

4. Construction Site Runoff Control

D.1 Regulatory Control Program

Measurable Goals: Adoption of new ordinance.

The Kendall County Unified Stormwater Management Plan was completed in December 10, 2010, and posted on the County's Website. The Technical Committee completed the first two chapters and began drafting the third chapter of the Stormwater Ordinance during the reporting period.

The review consultant hired by Kendall County (in 2008) continues to provide stormwater, engineering, wetland, and Soil Erosion and Sediment Control (SESC) review for proposed developments.

D.2 Erosion and Sediment Control BMPs

Measurable Goals: Adoption of ordinance amendments as developed.

The Kendall County Unified Stormwater Management Plan was completed in December 10, 2010, and posted on the County's Website. The Technical Committee completed the first two chapters and began drafting the third chapter of the Stormwater Ordinance during the reporting period. The third chapter is intended to replace the separate SESC Ordinance.

The review consultant hired by Kendall County (in 2008) continues to provide stormwater, engineering, wetland, and SESC review for proposed developments.

D.3 Other Waste Control Program

Measurable Goals: Adoption of ordinance amendments as developed.

The Kendall County Unified Stormwater Management Plan was completed in December 10, 2010, and posted on the County's Website. The Technical Committee completed the first two chapters and began drafting the third chapter of the Stormwater Ordinance during the reporting period. The third chapter is intended to replace the separate SESC Ordinance and includes requirements for managing construction waste.

D.4 Site Plan Review Procedures

Measurable Goals: Adoption of ordinance amendments as developed.

The Kendall County Unified Stormwater Management Plan was completed in December 10, 2010, and posted on the County's Website. The Technical Committee completed the first two chapters and began drafting the third chapter of the Stormwater Ordinance during the reporting period. The third chapter is intended to replace the separate SESC Ordinance.

D.6 Site Inspection/Enforcement Procedures

Measurable Goals: Adoption of ordinance amendments as developed.

The Kendall County Unified Stormwater Management Plan was completed in December 10, 2010, and posted on the County's Website. The Technical Committee completed the first two chapters and began drafting the third chapter of the Stormwater Ordinance during the reporting period. The third chapter is intended to replace the separate SESC Ordinance.

5. Post-Construction Runoff Control

E.3 Long Term O&M Procedures

Measurable Goals: Adoption of new/revised ordinances.

The Kendall County Unified Stormwater Management Plan was completed in December 10, 2010, and posted on the County's Website. The Technical Committee completed the first two chapters and began drafting the third chapter of the Stormwater Ordinance during the reporting period. The third chapter is intended to replace the separate SESC Ordinance and will incorporate updated procedures for long term operations and maintenance.

E.5 Site Inspections During Construction

Measurable Goals: Adoption of ordinance amendments as developed.

The Kendall County Unified Stormwater Management Plan was completed in December 10, 2010, and posted on the County's Website. The Technical Committee completed the first two chapters and began drafting the third chapter of the Stormwater Ordinance during the reporting period. The third chapter is intended to replace the separate SESC Ordinance.

6. Pollution Prevention/Good Housekeeping

F.1 Employee Training Program

Measurable Goals: Increased participation at workshops.

County staff has attended the following training workshops:

- Illinois Green Infrastructure Grant Program for Stormwater Management – September 15, 2010
- Discovery Meeting regarding flood risk in the Lower Fox Watershed – November 16, 2010
- Understanding Bio-Solids and Application – March 9, 2011

F.3 Municipal Operations Stormwater Control

Measurable Goals: Reduce the impact of Municipal Operations on Stormwater Run-off

The County completed the construction of a new maintenance facility and salt dome on September, 2010. Thirteen public agencies are signed up to store salt at this location. They include Kendall County, 9 townships, and the cities of Plano, Yorkville, and Oswego.

F.4 Municipal Operation Waste Disposal

Measurable Goals: Reduce the impact of Municipal Operations on Storm Water Run-Off

The Highway Department collected 8 tons of litter from county highways. Tracking of schedule and amount of material was not recorded during the reporting period.

F.5 Flood Management/Assess Guidelines

Measurable Goals: Adopting a new ordinance.

The Kendall County Unified Stormwater Management Plan was completed in December 10, 2010, and posted on the County's Website. The Technical Committee completed the first two chapters and began drafting the third chapter of the Stormwater Ordinance during the reporting period. The third chapter is intended to replace the separate SESC Ordinance.

December 2009, the County received a grant to prepare a Hazard Mitigation Plan which will include flood hazard mitigation as one of the plan's components. The Plan was completed and sent to FEMA for review October 2010.

Part C. Information and Data Collection Results

(Provide information and water quality sampling/monitoring data related to illicit discharge detection and elimination collected during the reporting period.)

No information was collected or analyzed during the reporting period.

Part D. Summary of Year 7 Stormwater Activities

(Present a summary of the storm water activities you plan to undertake during the next reporting cycle, including and implementation schedule in the sections following the table.)

The table shown below summarizes the BMPs committed to for Year 7. Specific BMPs and measurable goals for Year 7 program development activities are presented in the sections following the table.

Note: X indicates BMPs committed to for Year 8.

✓ indicates BMPs committed to for Year 8 not originally in NOI.

	F.6 Other Municipal Operations Controls

1. Public Education and Outreach

A.1 Distributed Paper Material

Measurable Goals: Track number of people requesting to see County's plan on an annual basis.

The County will publish the NOI, and Annual Reports on the County's website. The County will continue to maintain and track the amount of views of the components of the website in Year 8.

A.2 Speaking Engagement

Measurable Goals: An increase in number of presentations annually and amount of public attendance/participation.

The County will present to local groups regarding the new ordinances to promote feedback from stakeholders.

A.4 Community Event

Measurable Goals: Increased interest and attendance in annual workshops/seminars.

Kendall County will work with the SWCD, the Conservation Foundation and other county departments to promote educational efforts and workshops related to stormwater and conservation activities in Year 8.

A.6 Public Service Announcement

Measurable Goals: Inquiries to linked websites on annual increase in hits to websites.

The County will place links on their website to the websites of local watershed committees and conservation groups to further promote public education.

2. Public Participation/Involvement

B.3 Stakeholder Meetings

Measurable Goals: Establishment of positive dialogue and eventual County-wide coordination of stormwater management efforts.

The County is drafting the stormwater management plan and will continue to work with the Stormwater Committees to complete revisions for presentation to the County Board and initiate adoption of the plan.

B.7 Other Public Involvement

Measurable Goals: Inquires to linked websites and annual increase in hits to website.

The County will place links on their website to the websites of local watershed committees and conservation groups to further promote public education.

3. Illicit Discharge Detection and Elimination

C.1 Storm Sewer Map Preparation

Measurable Goals: Completion of map and updates.

The County will begin field verifying locations of features this summer as funding and staff availability allows and develop a mapping layer in GIS.

C.3 Detection/Elimination Prioritization Plan

Measurable Goals: Track number of illicit dischargers discovered and track removal process annually.

As noted in the county's NOI, no work is scheduled on this item for Year 7. This BMP will be initiated after substantial completion of storm sewer mapping which is scheduled for Year 9. Development of a program for tracking detection and elimination is scheduled for Year 8.

C.4 Illicit Discharge Tracing Procedures

Measurable Goals: Track number of illicit dischargers discovered and track removal process annually.

As noted in the county's NOI, no work is scheduled on this item for Year 7. This BMP will be initiated after substantial completion of storm sewer mapping which is scheduled for Year 9. Development of a program for tracking detection and elimination is scheduled for Year 8.

C.5 Illicit Source Removal Procedures

Measurable Goals: Track number of illicit dischargers discovered and track removal process annually.

As noted in the county's NOI, no work is scheduled on this item for Year 7. This BMP will be initiated after substantial completion of storm sewer mapping which is scheduled for Year 9. Development of a program for tracking detection and elimination is scheduled for Year 8.

C.7 Visual Dry Weather Screening

Measurable Goals: Track number of illicit dischargers discovered and track removal process annually.

As noted in the county's NOI, no work is scheduled on this item for Year 7. This BMP will be initiated after substantial completion of storm sewer mapping which is

scheduled for Year 9. Development of a program for tracking detection and elimination is scheduled for Year 8.

4. Construction Site Runoff Control

D.1 Regulatory Control Program

Measurable Goals: Adoption of new ordinance.

The County will continue working with the Stormwater Management Committee to complete the Stormwater Ordinance in Year 8. Adoption of a new ordinance is scheduled to occur in Year 10.

D.2 Erosion and Sediment Control BMPs

Measurable Goals: Adoption of ordinance amendments as developed.

The County will continue working with the Stormwater Management Committee to complete the Stormwater Ordinance in Year 8. Adoption of a new ordinance is scheduled to occur in Year 10.

D.3 Other Waste Control Program

Measurable Goals: Adoption of ordinance amendments as developed.

The County will continue working with the Stormwater Management Committee to complete the Stormwater Ordinance in Year 8. Adoption of a new ordinance is scheduled to occur in Year 10.

D.4 Site Plan Review Procedures

Measurable Goals: Adoption of ordinance amendments as developed.

The County will continue working with the Stormwater Management Committee to complete the Stormwater Ordinance in Year 8. Adoption of a new ordinance is scheduled to occur in Year 10.

D.6 Site Inspection/Enforcement Procedures

Measurable Goals: Adoption of ordinance amendments as developed.

The County will continue working with the Stormwater Management Committee to complete the Stormwater Ordinance in Year 8. Adoption of a new ordinance is scheduled to occur in Year 10.

5. Post-Construction Runoff Control

E.3 Long Term O&M Procedures

Measurable Goals: Adoption of new/revised ordinances.

The County will continue working with the Stormwater Management Committee to complete the Stormwater Ordinance in Year 8. Adoption of a new ordinance is scheduled to occur in Year 10.

E.5 Site Inspections During Construction

Measurable Goals: Adoption of ordinance amendments as developed.

The County will continue working with the Stormwater Management Committee to complete the Stormwater Ordinance in Year 8. Adoption of a new ordinance is scheduled to occur in Year 10.

6. Pollution Prevention/Good Housekeeping

F.1 Employee Training Program

Measurable Goals: Increased participation at workshops.

Health, PBZ, SWCD, and Highway Department personnel will participate in training programs as available funding and opportunities allow.

F.4 Municipal Operation Waste Disposal

Measurable Goals: Reduce the impact of Municipal Operations on Storm Water Run-Off

The Highway Department will continue to collect litter from county highways and track the amount of material collected and properly disposed.

Oswego Township regularly sweeps of township roads. During the next reporting cycle, Oswego Township will work with the County to record street sweeping activities.

F.5 Flood Management/Assess Guidelines

Measurable Goals: Adopting a new ordinance.

The County will continue working with the Stormwater Management Committee to complete the Stormwater Ordinance in Year 8. Adoption of a new ordinance is scheduled to occur in Year 10.

The County will continue to work on completing the Hazard Mitigation Plan which includes flood hazard mitigation as one of the plan's components.

Part E. Notice of Qualifying Local Program

Bristol Township, Kendall Township, Na-Au-Say Township, and Oswego Township are all relying on Kendall County to satisfy all of their IEPA General Permit obligations.

Part F. Construction Projects Conducted During Year 7

(Provide a list of construction projects your entity has paid for during the reporting period)

Agency	Project	Size	Start Date	End Date
Kendall County	Plainfield Road from Grove Road to Linden Street	7 ac	June 1, 2010	Contract Still Open
Kendall County	Johnson Street to RT 71 to Front Street	5 ac	Aug 1, 2010	March 2011
