Exhibit B

The Kendall County Zoning Board of Appeals approved the following Findings of Fact and Recommendation at their meeting on January 27, 2020, by a vote of six (6) in favor and zero (0) in opposition. Member Thompson was absent.

FINDINGS OF FACT

§ 13.07.F of the Zoning Ordinance outlines findings that the Zoning Board of Appeals must make in order recommend in favor of the applicant on map amendment applications.

Existing uses of property within the general area of the property in question. The surrounding properties are used agricultural or uses similar to agricultural uses such as farmsteads and fertilizer operations.

The Zoning classification of property within the general area of the property in question. The surrounding properties are zoned A-1 or A-1 with a special use.

The suitability of the property in question for the uses permitted under the existing zoning classification. The property is presently zoned A-1 and can be used for farming.

The trend of development, if any, in the general area of the property in question, including changes, if any, which may have taken place since the day the property in question was in its present zoning classification. The Zoning Board of Appeals shall not recommend the adoption of a proposed amendment unless it finds that the adoption of such an amendment is in the public interest and is not solely for the interest of the applicant. The Zoning Board of Appeals may recommend the adoption of an amendment changing the zoning classification of the property in question to any higher classification than that requested by the applicant. For the purpose of this paragraph the R-1 District shall be considered the highest classification and the M-2 District shall be considered the lowest classification. The trend of development in the area is stable with residential growth and special uses normally found in agricultural zoned areas.

Consistency with the purpose and objectives of the Land Resource Management Plan and other adopted County or municipal plans and policies. The Future Land Use Map in the Land Resource Management Plan classifies this property as Public/Institutional because Minooka School District #111 plans to construct a school on the property to the west. The Village of Shorewood's Future Land Use Map calls for this property to be Commercial and Government/Institutional. The property owner of the subject property submitted an application to reclassify the property as Commercial on the Future Land Use Map contained in the Kendall County Land Resource Management Plan. If this reclassification amendment to the Land Resource Management Plan is approved, then the proposed map amendment would be consistent with the purpose and objectives of the Land Resource Management Plan.
